CITY OF BELVIDERE PLANNING AND ZONING COMMISSION

Minutes

Tuesday, March 14, 2017 City Council Chambers 401 Whitney Boulevard 6:00 pm

ROLL CALL

Members Present:

Staff Present:

Andrew Racz, CHM

Gina DelRose, Community Development Planner

Robert Cantrell, VCHM

Cathy Crawford, Administrative Assistant

Rich Weigel Alissa Maher Arthur Hyland

Ken Redeker

Ben Rohr, Land Use Planner

Members Absent:

Ex- Officio:

Anthony R. Phelps

Mike Drella, City Attorney Dan Snow, Alderman

Chairman Andrew Racz called the meeting to order at 6:03 p.m.

MINUTES:

It was moved and seconded (Cantrell/Hyland) to approve the minutes of the February 14, 2017 meeting. The motion carried with a 6-0 roll call vote.

PUBLIC COMMENT:

None

UNFINISHED BUSINESS:

None

NEW BUSINESS:

2017-12; Anderson (MA): Stephen and Diann Anderson, 800 Beech Bay Road, Poplar Grove, IL 61065, property owners, are requesting a map amendment (rezoning) at 212 and 216 Kishwaukee Street, 215 W. Lincoln Avenue and 220 W. Hurlbut Avenue from SR-6, Single-family Residential-6 District to I, Institutional District pursuant to the Belvidere Zoning Ordinance Section 150.903 Amendment to Official Zoning Map.

The public hearing opened at 6:01 p.m.

Gina DelRose was sworn in. Ms. DelRose stated the case was published in the Boone County Journal on February 24, 2017 and certified mailings were sent to neighboring property owners on February 23, 2017. Ms. DelRose summarized the staff report dated March 8, 2017.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 2 of 20

Gina DelRose said the funeral home has been in operation since 1937 and its use is grandfathered to operate in a residential neighborhood. In order for the funeral home to serve the community, the applicants are requesting to rezone four adjacent parcels from Single-family Residential-6 to Institutional. The rezoning will allow a much-needed expansion that would separate the office administration and preparation operations from the existing chapel as well as provide a larger parking lot to eliminate much on-street parking during funeral services. The new building and parking lot created will also require a special use for a planned development due to requested deviations from the zoning ordinance. That special use is being petitioned for concurrently with the rezoning.

The staff believes that the proposed rezoning and use for the properties are not more intense than the other uses in the general area which includes the downtown area, the Ida Public Library and the West Hurlbut Historic District. Development trends such as the anticipated expansion of the library and funeral home and the designation of the West Hurlbut Historic District have occurred over time. The Comprehensive Plan designates the area as Single-family Residential; however, the Comprehensive Plan did not indicate future institutional land uses in 1999. The rezoning of the parcels to Institutional would not be detrimental to the general vicinity. The planning staff recommends approval of the rezoning of 220 West Hurlbut Avenue, 215 West Lincoln Avenue, 212 Kishwaukee Street and 216 Kishwaukee Street from Single-family Residential to Institutional.

Seeing no questions for the staff, the applicant was invited to come forward.

Carl Ecklund, attorney representative for the Andersons was sworn in. Mr. Ecklund explained that the rezoning would allow for a planned development to include the construction of a 2,200 square foot detached garage for work vehicles, a 7,200 square foot administration and preparation building, and a parking lot to alleviate onstreet parking. The existing funeral home has become older and is becoming inefficient; the new building will allow the existing building to be used only as a funeral chapel. Two of the lots to be rezoned are vacant, and two have existing The development will include an ingress/egress onto West Lincoln Avenue, rather than onto West Hurlbut Avenue. Mr. Ecklund said the proposed development will also need a special use to allow for certain deviations from the Zoning Ordinance. The location adjacent to the Central Business District and the proximity to the Ida Public Library make the rezoning to Institutional appropriate. Most older funeral homes are located within residential areas. The proposed changes will improve the operations. The proposed building will adhere to design styles that will be compatible with the look of the neighborhood. The 37 to 39 additional parking spaces will vastly improve the existing need for large amounts of on-street parking during funeral services. Mr. Ecklund said the architect for the project is also present.

Chairman Racz asked if there were questions for the applicant.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 3 of 20

Ken Meddings was sworn in. Mr. Meddings said he is the owner of 315 West Hurlbut. Mr. Meddings asked when the Andersons purchased the parcels to be rezoned.

Carl Ecklund said one of the parcels was purchased five years ago.

Mr. Meddings said he feels the applicants should have notified the neighborhood of their plans. Mr. Meddings asked what the proximity to the Ida Public Library has to do with the rezoning.

Carl Ecklund said the proximity to another Institutional use makes the rezoning desirable.

Mr. Meddings asked if cremations will be done on-site.

Carl Ecklund said yes.

Mr. Meddings asked if there will be a smell.

Carl Ecklund said there is no smell. Mr. Ecklund stated that many cremation facilities exist close to residential areas and pose no risk.

Mr. Meddings said the residents of the neighborhood should be considered before developments like that proposed are approved.

City attorney Mike Drella reminded Mr. Meddings that this was an opportunity to question the applicant, not make comments.

Robert Casey was sworn in. Mr. Casey said he feels the ingress/egress will generate much traffic on Lincoln Avenue. It was his opinion this would be a mistake.

The chairman cautioned Mr. Casey that a question must be asked.

Robert Casey asked why the ingress/egress was not planned for Kishwaukee Avenue instead. In his opinion, this would prevent the need for two houses to be demolished.

Carl Ecklund said the main portion of the planned parking lot is on Lincoln Avenue; the location of the administration and preparation building would not allow for egress onto Kishwaukee Avenue. Mr. Ecklund said it was felt that Lincoln Avenue is more suited to the ingress/egress due to a larger amount of business traffic.

Robert Casey said he feels they are creating "Anderson Street" with the planned egress onto Lincoln Avenue.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 4 of 20

Chairman Racz cautioned Mr. Casey to ask a question.

Robert Casey asked if the Andersons considered placing the new building closer to the existing chapel.

Carl Ecklund said the building must front onto a street. Mr. Ecklund stated Lincoln Avenue was more appropriate; people are not likely to speed through the lot if they are there for a funeral.

Mr. Casey said people will use it more and create more traffic.

Carl Ecklund said there is not anticipated to be more traffic than is already present at this time.

Shane Mathison was sworn in. Mr. Mathison owns 228 West Hurlbut. Mr. Mathison asked how Mr. Ecklund can say there will not be more traffic if a parking lot is added and egress made onto Lincoln Avenue.

Carl Ecklund said the operations at the funeral home are not being expanded with the creation of the planned development; the traffic will remain the same.

Shane Mathison said he understands the desire to alleviate on-street parking; he referred to the presence of children in the neighborhood being harmed by the possibility of people using the lot as a "thoroughfare."

Carl Ecklund said the parking lot would be narrow and involves a slight turn; cutting through the lot would be a form of trespassing. Mr. Ecklund said there are things that can be done to prevent after-hours traffic from cutting through the proposed parking lot. Mr. Ecklund said the desire is to alleviate traffic during services and this should lessen traffic, not add to it.

Shane Mathison asked if the lighting from the parking lot will shine into windows and disturb the sleep of neighbors.

Carl Ecklund pointed out that the lighting is part of the special use procedure, not the rezoning application.

Gina DelRose said it would be appropriate to address lighting in the special use hearing.

Ellen Meddings was sworn in. Mrs. Meddings said she has been a resident of Belvidere for twelve years. Mrs. Meddings said she is concerned that the expansion of the Anderson facility might take business away from Belvidere Funeral Home.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 5 of 20

Mrs. Meddings asked if the Andersons considered other vacant properties such as the former Sonic Restaurant property on North State Street.

Carl Ecklund said the Andersons could buy land elsewhere, but prefer to maintain their present location where they have operated for 80 years and have provided an anchor business in the city. Mr. Ecklund proposed the question, "If the funeral home were to go, what might come in its place?" Mr. Ecklund repeated that funeral homes are a common business in residential neighborhoods.

Alan Crawford said he is co-owner of 220 West Lincoln Avenue. Mr. Crawford said no mention had been made of the health risks created when cremation facilities operate. Mr. Crawford asked how the health issues of such a use will be addressed.

Carl Ecklund said it is common for cremation facilities to locate near residences. The state of the art equipment operates without smoke or odor. Mr. Ecklund said the equipment the Andersons intend to install is the latest in cremation technology and is designed to consume and destroy smoke and odor. The unit releases significantly lower emissions than the level required by the State of Illinois for cremation facilities. The equipment will be consistently monitored by Matthews Environmental and will exceed all required standards. The company has over 120 facilities in Illinois. Mr. Ecklund stated that theirs is a "tried and true" method.

Alan Crawford said he referred to heavy metal emissions, not air pollution. Mr. Crawford said the EPA is considering tightening the standards for mercury emissions.

Andy Racz reminded Mr. Crawford that this was a time for questions only; the public comment time will be later in the hearing.

Meghan Mathison was sworn in. Ms. Mathison said she is co-owner of 228 West Hurlbut. Ms. Mathison asked if the attorney looked into the possible depreciation of homes.

Carl Ecklund asked if Ms. Mathison had done so.

Meghan Mathison said she had attempted to do so; there was not much time to have such a study done prior to the hearing.

Carl Ecklund said the funeral home has existed at its present location for 80 years.

Meghan Mathison said Mr. Ecklund had already made the previous statement.

Carl Ecklund said the funeral home is not new.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 6 of 20

Meghan Mathison said demolitions of existing homes are planned, including the home between her home and the existing funeral home. Ms. Mathison asked what would happen to her home's value with the proximity of an expanded operation and the "creep factor" of being located next to a funeral home.

Carl Ecklund said he is not a licensed appraiser; decrease in values is a subjective thing which might be affected by improved infrastructure and costly renovations.

Meghan Mathison asked if she will be compensated for any loss her finances suffer if her house depreciates in value.

Carl Ecklund said it is his opinion the economy of the last ten years has had a far greater effect on depreciation in home values than the improvement of an existing operation could have.

Meghan Mathison said she would like the wall placed between the properties to be at least six to seven feet high. Ms. Mathison said the resulting wall will be an "I90 style" wall.

Gina DelRose said such questions will be addressed during the special use process.

Carol Crawford was sworn in. Mrs. Crawford asked if Mr. Ecklund was aware that there are multi-family homes on Lincoln Avenue. Mrs. Crawford asked if the Andersons considered that their project will remove some of the on-street parking used by the multi-family homes in that area.

Carl Ecklund said he was not sure how the plan affected on-street parking.

Carol Crawford clarified that the proposed plan would eliminate parking spaces for residents.

Carl Ecklund said the existing access point will be widened. Mr. Ecklund asked for clarification of the location of the multi-family homes.

Carol Crawford clarified that across Lincoln Avenue there are several multi-family homes.

Carl Ecklund said it is a public street; he cannot answer how it will have an effect.

Carol Crawford said the planned expansion will remove parking for residents.

Joe Thompson was sworn in. Mr. Thompson asked for the purpose of the rezoning of the adjacent lots. Mr. Thompson asked if it was in order for the setbacks to be changed. Mr. Thompson said it was unclear what effect the planned renovation will have.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 7 of 20

Carl Ecklund said the rezoning is necessary for the four adjacent lots to be redesignated Institutional. The rezoning is required so that the new building and parking lot may be placed on what are currently residentially-zoned lots.

Joe Thompson asked if the rezoning is required for the special use request to proceed.

Carl Ecklund said if the rezoning is approved, the special use permit will be required due to the slight deviations from the standards required by the zoning ordinance.

Joe Thompson asked if this was an attempt to change the law in order to get the requested changes made to the planned development.

Carl Ecklund said it is not a change of the law; it is a set of deviations from the zoning ordinance that are being requested in the special use application. The ordinance allows for variations to be requested. Variations are a common request.

Dave Stapleton was sworn in. Mr. Stapleton said he is the owner of 333 West Hurlbut. Mr. Stapleton asked if the people who will be voting are voting to allow a crematorium.

Carl Ecklund repeated his statement that the rezoning is required to have the Singlefamily parcels rezoned to Institutional to allow for the building of the administration building, garage, and parking lot. Upon approval, a special use is requested.

Dave Stapleton said he feels the Andersons run a clean well-kept funeral home; he would, however, like a poll taken of how many people present want to have a crematorium "in their backyard."

Brett Daehler was sworn in. Mr Daehler asked if the new building could have been placed where the garden is now located at the corner of Hurlbut and Kishwaukee; the garden, in his opinion, is largely unused.

Carl Ecklund said such a location would be very close to the existing building. In addition, the applicants wish to preserve the garden area. Mr. Ecklund clarified whether Mr. Daehler was asking if there is any technical reason why the new building couldn't be located at that corner. Mr. Ecklund said he would refer the question to architect Dave Hagney.

Dave Hagney was sworn in. Mr. Hagney said locating the new building at the corner of Hurlbut and Kishwaukee was considered; setbacks required for a corner lot, however, would have restricted the size of the building. In an attempt to preserve some of the greenspace, the building location was shifted down the street.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 8 of 20

Brett Daehler said the proposed building could be narrower and give the lot egress onto Kishwaukee Avenue.

Dave Hagney said regardless of this fact, the parcels must first be rezoned to Institutional.

Robert Casey was sworn in. Mr. Casey asked how long the development plans have existed.

Carl Ecklund said he started working with the Andersons last July. The properties have been owned by the applicants for some years. The houses acquired in the purchase of the parcels were not in good repair; the Andersons wished to improve the look of the neighborhood as well. The current proposed rezoning and renovations to the property were not "in the works" for a long time. The Andersons had gradually begun to see the benefit of planning how best to handle their spacing needs and alleviate operations and parking issues.

Meghan Mathison was sworn in. Ms. Mathison said she is raising three children at 228 West Hurlbut Avenue. Ms. Mathison referred to the street's namesake, General Stephen A. Hurlbut. Ms. Mathison said history is eroding in Belvidere and in Boone County. Ms. Mathison said her home is a registered historic landmark. Ms. Mathison said the homes that will be demolished with the proposed rezoning existed on the 1897 map along with her home. Ms. Mathison asked why historic preservation attempts are made while older homes on her block are planned for demolition.

Meghan Mathison said residents close to Wilbert's crematorium have complained of an offensive odor. Ms. Mathison said she has researched the issue with the business and the neighbors. Ms. Mathison said that as a respiratory therapist she is familiar with effects of particulates. Ms. Mathison said her main concern is with the possibility of decrease in property values due to her home's proximity to a mortuary and mortuary parking lot. Ms. Mathison said she feels a negative effect will occur on her children growing up next door to a funeral home and crematorium. One of the homes planned for demolition was the buffer between her home and the funeral home. Now there will be a large wall in view.

Meghan Mathison said in her research she spoke with various city and county departments; she has researched how this request may bring money into Belvidere. Ms. Mathison feels the planned development will deter future home buyers. Ms. Mathison asked if she will be compensated for the possible loss in the value of her home. Ms. Mathison said if the city approves the requests, she would like input into the design of the buffer fence that will be placed there. Ms. Mathison said she would be looking at a large "190 style wall" and her neighbors would too. Ms. Mathison said she went door-to-door to contact her neighbors about the proposed rezoning.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 9 of 20

Meghan Mathison said she must gain approval for any changes she makes to her historic home; she will be required to get a small fence approved due to her position on the historic registry. If she must "jump through hoops" for minor projects, why is it so easy to have historic homes demolished? Mature trees will also be torn down.

There were no questions for Ms. Mathison.

Ken Meddings was sworn in. Mr. Meddings said he lives in a historic landmarked home. Mr. Meddings said he fought hard to get the West Hurlbut District designated as a historic district. He said he has spent thousands of dollars restoring his home and now it will be renovated for the use of a business and a parking lot.

Carl Ecklund said his applicants have evidence to provide regarding historic renovations that have been made by the Andersons to their property.

Mike Drella said such evidence would be more appropriate for the special use hearing.

Angela Beckman was sworn in. Ms. Beckman said she lives at 220 West Lincoln. Ms. Beckman quoted an article posted on the website faculty.virginia.edu entitled "Metals and Medicines in the Environment: Cremation Waste and Toxins":

Gaseous emissions are by far the greatest source of cremation pollution ...In addition to harmless compounds (there are)* pollutants and carcinogens (such as) carbon monoxide (CO), nitrogen oxide (NO2), and sulfur oxide (SO2); volatile acids such as hydrogen chloride (HCI) and hydrogen fluoride (HF), both of which form during vaporization of plastics or insulation; and mercury (often from dental fillings). Organic compounds such as benzenes, furans ... acetone are also emitted and react with HCl and HF under combustion conditions to form polychlorinated dibenzodioxins (PCDDs) and polychlorinated dibenzofurans (PCDFs), both of which are carcinogens. (Mercury), PCDDs, and PCDFs are of special concern because they are susceptible to bioaccumulation. A study by the Cremation Association of North America has found that filtering crematorium fumes has little effect on the toxins released.

(*highlighted portion added by speaker)

Ms. Beckman said she is in school for nursing.

Carl Ecklund asked if Ms. Beckman was part of the study she quoted.

Angela Beckman said she was not; she provided a quote by a reputable source.

Carl Ecklund asked if Ms. Beckman is aware that many crematoriums exist in residential areas.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 10 of 20

Angela Beckman said she is aware of the fact. Ms. Beckman said the toxins mentioned accumulate in the air and the water.

Robert Casey said that after listening to Ms. Beckman he feels that if the quotation is true, he does not want a cremation operation to come into town. The three children Ms. Mathison referred to are his grandchildren and he does not want such a use located next to them.

Alan Crawford said he feels the people need to take into consideration the way in which the prevailing winds in Belvidere drift towards State Street. This concern needs to be taken to heart. Mr. Crawford said internet sources must be verified; safety is within our own hands.

Joe Thompson said he resides at 306 West Hurlbut. Mr. Thompson said he knows Gina DelRose from the Historic Preservation Commission; he is working with the Commission to help restore the historic homes in the area. But the case before the Planning Commission would detract from those preservation efforts. Mr. Thompson referred to the 80-year history of the funeral home; the other homes in the neighborhood have been there even longer than 80 years. Mr. Thompson said the city should keep the existing homes intact and not help to expand a business. Mr. Thompson said if there is an odor from the crematorium he does not want that in his neighborhood. Mr. Thompson speculated whether more buildings are something the city wants. Mr. Thompson said he feels a line should be drawn to protect his historic neighborhood. Once gone, a historic neighborhood cannot be rebuilt. Expansion should not take away existing homes.

Meghan Mathison said she requested the city provide her with a formal petition to submit at this meeting and she was told this was not allowed. Ms. Mathison asked if she could file a formal petition at some point. Ms. Mathison asked if there were enough petition signatures, if that would help to force a supermajority.

Gina DelRose said this meeting is the only public hearing that will be held for the rezoning. If those who signed a petition are not present at the public hearing, they cannot be cross-examined and the petition is inadmissible as evidence. Ms. DelRose said Ms. Mathison was referring to a legal objection, not a petition.

Mike Drella cautioned Ms. DelRose against giving legal advice. Mr. Drella suggested Ms. Mathison research state statutes.

Meghan Mathison asked if OSHA is required to perform periodic checks on the crematorium equipment.

Carl Ecklund said he understands OSHA regulates workplace safety. Mr. Ecklund repeated that the proposed equipment exceeds state standards for emissions.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 11 of 20

Meghan Mathison said medical equipment must be regularly checked for safety.

Carl Ecklund said Matthews Environmental is charged with the monitoring of the equipment.

Meghan Mathison asked again how often the equipment will be checked. Ms. Mathison referred again to regular checks of medical equipment.

Carl Ecklund said he did not have that answer.

John Becker was sworn in. Mr. Becker said he resides at 226 West Lincoln. Mr. Becker said he is in favor of the rezoning. Mr. Becker said the community is growing and there are many more funerals held as a result. Mr. Becker said he is also in favor of the parking lot to alleviate on-street parking.

Chairman Racz called for a brief recess at 7:48 p.m.

The public hearing resumed at 7:53 p.m.

Kenneth Baars was sworn in. Mr. Baars said he is the owner of 316 West Hurlbut. Mr. Baars said he feels that objecting to the proposed rezoning is "anti-business." Mr. Baars said he feels the Andersons have done a great job in Belvidere; their services are a necessary and helpful part of the community.

Shane Mathison was sworn in. Mr. Mathison said he understands that Belvidere is growing but he feels the Historic District should be passed down to the next generation.

Robert Casey was sworn in. Mr. Casey said businesses come and go but historical districts do not. Mr. Casey referred to the St. James Catholic Church renovation. Mr. Casey said he appreciates the Anderson's business. Mr. Casey said he does not wish his grandchildren to breath in carcinogens. Mr. Casey said he is probusiness. Mr. Casey stated the committee should not recommend going forward with the rezoning of the subject properties.

Rich Weigel referred to Mr. Casey's comment regarding the St. James Catholic Church renovation. Mr. Weigel said the Andersons are hoping to do the same.

Robert Casey said it was not the same situation; the St. James building was in danger of being torn down and it was saved and renovated.

Kenneth Baars was sworn in. Mr. Baars referred to other local businesses that had posed environmental dangers to Belvidere.

Chairman Racz asked if Carl Ecklund had any rebuttal to make.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 12 of 20

Carl Ecklund said the objectors had many heartfelt views and concerns. Mr. Ecklund said there were sentimental issues raised as well as concerns regarding the cremation facility and its effect on the Historical District. Mr. Ecklund said the Andersons are investing a large sum to invest in the center of the city so that they can continue to serve the city. The Andersons could have relocated but staying at the present location was their choice. The Andersons had hoped the neighborhood would see the improvements as a positive difference. Mr. Ecklund said the funeral home is not within the Historical District, nor are the homes that are planned for demolition.

Carl Ecklund said that cremation facilities exist in many areas. Statistics, according to Mr. Ecklund indicate their use will increase. Mr. Ecklund said the Andersons do not want the people of Belvidere to travel out of town to seek cremation facilities. To do so would be disruptive to people's lives. Mr. Ecklund referred to the advances that have occurred in cremation equipment. Mr. Ecklund said the Andersons bought the properties in part to make the neighborhood more attractive.

Carl Ecklund said questions had been asked about the library's plans to expand; he said it is his opinion the expansion of a library is a good thing for the community. Mr. Ecklund said he expects the investment in the subject properties will serve to improve property values. Mr. Ecklund said he does not see the dire results that some had predicted. Mr. Ecklund said there will be an attractive fence in place to buffer the funeral home property from its neighbors. Mr. Ecklund said he disagrees with those who are against the rezoning. Mr. Ecklund said Diann Anderson was present to describe improvements that have been made over the years to the existing funeral home.

Diann Anderson was sworn in. Mrs. Anderson gave a PowerPoint presentation that detailed the history of and renovations to Anderson Funeral & Cremation Services. Mrs. Anderson said the funeral home has been in Belvidere in many different forms for 118 years. Mrs. Anderson stated her husband Stephen Anderson had joined Buck- Wheeler-Hyland Funeral Home in 1984 and had purchased it in 2000. Mrs. Anderson showed previous additions to the original building and the renovations they had made since 2000. The Andersons have attempted to restore much of the building to its original condition while improving its accessibility. Historical touches and a garden have been added as well as stained glass entryway doors, custommade beadboard, oil-rubbed bronze metalwork, crown molding and new flooring to match the original wood flooring. Mrs. Anderson said it is not their intention to cause any other businesses to lose clients, but the funeral business is a competitive one.

Diann Anderson addressed Ms. Mathison's comments regarding being located next to a mortuary business. Mrs. Anderson said she was offended by Ms. Mathison's use of the tem "creep factor." Mrs. Anderson said, in her opinion, every person in society must be valued; the Andersons consider it their mission to care for the dead.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 13 of 20

Mrs. Anderson stated that funeral services are for the living. Mrs. Anderson said their business seeks to treat each person served with the utmost dignity and respect as if they are a part of their own family.

The public hearing was closed at 8:25 p.m.

Rich Weigel said the community would do well to have more people like the Andersons.

It was moved and seconded (Weigel/Cantrell) to recommend approval of case 2017-12. The motion carried with a 6-0 roll call vote.

Gina DelRose stated the first reading before the City Council would be held on March 20, 2017 and the second reading would be April 3, 2017.

2017-13; Anderson (SU): Stephen and Diann Anderson, 800 Beech Bay Road, Poplar Grove, IL 61065, property owners, are requesting a special use to permit a planned development in the I, Institutional District (pending rezoning) at 218 W. Hurlbut Avenue and surrounding properties. The planned development will allow Anderson Funeral and Cremation Services to construct a detached garage for work vehicles and an office administration and preparation building. A parking area will also be added. The new building will be located 10 feet from the south property line (a reduction of 40 feet), the detached garage will be six feet from the west property line (a reduction of 44 feet), the parking lot throat lengths will be five feet from the north and south property lines (a reduction of 20 feet) and the landscape surface ratio will be 35% (a decrease of 15%) (Belvidere Zoning Ordinance Sections 150.204 (C)(3)(A)(3), Table 150.704(G)(6), 150.105 (D)(1)(G)(1)(B) and 150.904 Special Use Review and Approval Procedures.

The public hearing opened at 8:28 p.m.

Gina DelRose was sworn in. Ms. DelRose stated the case was published in the Boone County Journal on February 24, 2017 and certified mailings were sent on February 23, 2017. Ms. DelRose summarized the staff report dated March 8, 2017. Ms. DelRose said in order for the funeral home to continue serving the community and to provide new services, the applicants are requesting to rezone four adjacent parcels to Institutional so that the planned development may be granted allowing for the construction of a second building and larger parking lot.

Instead of demolishing the existing historic structure, the applicants wish to build a second smaller building more in scale with the surrounding residences. Four deviations are being requested. The applicants wish to construct the new building ten feet from the property line instead of the required 50 feet. The large detached garage is also requested to have a smaller setback from 50 feet to six feet. The new

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 14 of 20

garage will be 2,250 square feet and the new building will be 7,200 square feet. The building will have rooflines and materials similar to surrounding properties.

The applicant is also requesting to reduce the throat length from 25 feet to five feet in order to provide six more parking spaces. The total number of spaces is 39 spaces, significantly more than what is currently available. The required landscape ratio has been reduced from 50% to 35 %. 57% lot coverage already exists; the request would reduce this by another 8% to allow for additional pavement for the parking lot and access from Lincoln Avenue, a road better suited to the funeral home's current traffic levels.

Interior lot lines and potential interior easements will be removed by replatting the parcels into one lot. This will allow the construction not to be inhibited by additional setbacks.

Planning staff recommends approval of case number 2017-13 subject to the following conditions:

- 1. The Planned Development shall be developed in substantial conformance with the site plan and elevations submitted with the application (February 16, 2017) unless otherwise noted.
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, police, fire, planning, etc.) prior to the issuance of building permits.
- 3. The seven properties shall be replatted into one lot.
- 4. Detention for any increase in storm water runoff from the existing condition to the fully improved conditions will need to be provided.
- 5. Storm water runoff from the new parking areas shall be captured in storm drains on the property and discharged into the city storm sewer system.
- 6. Driveways shall be constructed in accordance with city standards.
- 7. The Planned Development is granting only the following flexible standards: Primary building setback 10 feet from south property line and accessory building setback six feet from west property line (Section 150.204(C)(3)(A)(3); a reduction of the required throat length to 15 feet (Table 150.704(G)(6) and a reduction of the required Landscape Surface Ratio to 35% (Section 150(D)(1)(G)(1)(B)

Alderman Dan Snow asked Ms. DelRose to detail the parking space ratios used.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 15 of 20

Gina DelRose said the ratio was 1:3 (one space for every three patrons).

Dan Snow asked for the building's capacity.

Gina DelRose said that would be a question for the applicants.

Meghan Mathison asked if there had been any changes made to the landscape requirements.

Gina DelRose said no; what Ms. Mathison received are the current zoning ordinance requirements.

Carl Ecklund was sworn in. Mr. Ecklund detailed the requested deviations from the Zoning Ordinance. Mr. Ecklund said Dave Hagney would present further details.

Dave Hagney, architect for the proposed project, was sworn in. Mr. Hagney said his background was in Historic Preservation. Mr. Hagney stated the houses proposed for demolition are outside the West Hurlbut Historic District boundaries. Mr. Hagney said their goal is to create a building that will blend into the rest of the neighborhood. All office functions will be held inside the newly proposed building and the existing location will serve as only as the funeral chapel. Mr. Hagney referred to a site plan and building designs shown overhead.

Dave Hagney said the cremation location will be in an interior corner of the new building and away from houses. An EPA permit will be required for the use of the cremation equipment. Mr. Hagney said if a seven-foot fence is allowed, they will include one in the site plan as well as all landscape requirements. It would be made of solid fencing. Mr. Hagney verified that lighting of 0.5 footcandles at the property line is what the zoning ordinance requires. LED lighting would be used which is a direct lighting source.

Carl Ecklund stated the fencing would address any concerns regarding the shine of headlights after dark.

Dave Hagney said the Andersons are trying to create a structure that blends in with the other properties.

Dan Snow asked the building capacity in regards to parking needs.

Carl Ecklund said there are five employees at a time; he said he did not have capacity information. Given the nature of the business, the amount of patrons could vary. Mr. Ecklund added that the lot will alleviate an existing situation.

Dan Snow said he wanted to take all factors into account.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 16 of 20

Carl Ecklund repeated that the lot will alleviate an existing issue. The plan attempted to maximize parking spaces. The business will remain the same.

Dan Snow said he feels the question will come up at city council.

Gina DelRose said the funeral home is grandfathered; the parking is also grandfathered as a result. The special use is for the new building; the parking lot is sufficient for that new construction.

Dan Snow referenced the parking needs for the **new** St. James Catholic Church project.

Gina DelRose said that the St. James project originally planned for a new building and the first site plan required more parking spaces. The final project was for a substantial renovation of the existing St. James Church; the size of the renovation resulted in St. James losing its grandfathered status. This will not occur with the funeral home. The original building is not being changed.

Meghan Mathison said she would like to see a seven-foot fence. Ms. Mathison also requested that she be consulted in the design of the fence. Ms. Mathison quoted a portion of the zoning ordinance.

Gina DelRose clarified the correct portion of the zoning ordinance that describes Institutional requirements. Ms. DelRose stated that Ms. Mathison had been referencing the city's Industrial building regulations, not Institutional which are more in line with Residential regulations.

Meghan Mathison asked if trees can be placed on the property also.

Diann Anderson said the question will be addressed further into the project. Mrs. Anderson indicated she feels they have improved many things about the property and some of the criticism received has been unwarranted.

Chairman Racz said it is his opinion the Andersons are attempting to comply and to improve the neighborhood. Mr. Racz said he feels there should be more balance in Ms. Mathison's approach.

Meghan Mathison referenced the fencing requirements and the possibility of trees.

Carl Ecklund said the project will fully comply with the zoning requirements. Mr. Ecklund repeated Mrs. Anderson's comment that some of the concerns regarding fencing and landscaping will be addressed further into the project.

The public hearing closed at 9:03 p.m.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 17 of 20

It was moved and seconded (Cantrell/Maher) to accept the findings of fact as presented. The motion carried with a 6-0 roll call vote.

It was moved and seconded (Weigel/Cantrell) to recommend approval of case 2017-13 subject to the seven conditions as presented. The motion carried with a 6-0 roll call vote.

Gina DelRose stated the case will receive a first reading before the City Council on March 20. 2017 and the second reading will take place on April 3, 2017.

Mike Drella requested that, in the interests of time, the commission hear case 2017-15 next.

There were no objections to the request.

2017-15; Caldwell: Russell Caldwell, 8642 US Highway 20, Garden Prairie, IL 61038, property owner, is requesting a special use to permit a planned development in the CB, Central Business District at 300 South Main Street and 320 Whitney Boulevard. The planned development will allow for the construction of a banquet facility and restaurant with outdoor seating. Special uses of the planned development are the banquet facility and video gaming aspect of the restaurant which are considered indoor commercial entertainment, the outdoor seating area which will feature live entertainment is considered outdoor commercial entertainment and the restaurant's drive-through lane located along South Main Street is considered in-vehicle sales and services. Variances of the planned development include reducing the required buffer between outdoor commercial entertainment and residential properties from 300' to 100' and increasing the allowable fence height from 7' to 9' above grade. The planned development will also allow three animated signs to be located on the property. Belvidere Zoning Ordinance Sections 150.105 (C)(6)(B)(2) Permitted as Special Use, Table 150.1007 (B)(1) and Table 150.1007 (C)(1) Signs Allowed on Private Property By District, 150.204 (D)(10) Outdoor Commercial Entertainment (A)(1) Regulations, 150.712(C) Fencing Standards (3)(B) Maximum Height and 150.904 Special Use Review and Approval Procedures.

The public hearing opened at 9:08 p.m.

Ben Rohr was sworn in. Mr. Rohr stated the case was published in the Boone County Journal on February 24, 2017 and certified mailings were sent on February 23, 2017. Mr. Rohr summarized the staff report dated March 8, 2017:

Ben Rohr stated the planning staff does not anticipate the planned development impeding future development. The staff recommends approval of case number 2017-15 subject to the following conditions:

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 18 of 20

- 1. The Planned Development shall be developed in substantial conformance with the site plan submitted March 4, 2017 unless otherwise noted.
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, police, fire, planning, etc.) prior to the issuance of building permits.
- 3. The Planned Development is granting only the following flexible standards:

Special Uses for: Indoor commercial entertainment (Section 150.105(C)(6)(B)(2), Outdoor Commercial Entertainment (Section 150.105(C)(6)(B)(2)), In-vehicle (Section sales and services 150.105(C)(6)(B)(2)), and Animated signage in the Central Business District (Section 150.1007(C)(1)).

Variances for: An increase of 52 square feet for building signage (Section 150.1007(C)(1), a decrease in the buffer required between residential and outdoor commercial entertainment properties from 300' to 100' (Section 150.204(D)(10)(A)(1)), and an increase in the maximum fence height from 7' to 9' above grade (Section 150.712(C)(3)(B)).

4. The proposed wood doors shall open inward instead of out in the public right-of-way, per the Department of Public Works request.

Chairman Racz invited questions for the staff.

Rich Weigel questioned condition number four due to fire safety reasons. Mr. Weigel suggested an alcove be included in the plan so that doors can swing outward.

Ben Rohr said the applicant can address the question in his design standards.

The applicant, Russell Caldwell was sworn in. Mr. Caldwell invited any questions.

Rich Weigel questioned the mention of financing and timing in the staff report.

Russell Caldwell said he originally hoped to be open by September, 2017. Mr. Caldwell said he could not speculate which portion of the business will be opened first. Mr. Caldwell said some of those questions will depend on the City approval of their plans.

Rich Weigel clarified whether the open-ended date meant Mr. Caldwell was waiting for financing.

Russell Caldwell repeated that it would depend on the City approval.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 19 of 20

Rich Weigel asked Mr. Caldwell if he would be opposed to adding an alcove to the design for a safe exit point.

Russell Caldwell said the doors will actually be in the fence;if all patrons exited the building they would already be outside and safe. The area Mr. Weigel referenced will not be the only exit available. If the alcove is too large, the entertainment area would have to be much smaller. Mr. Caldwell said all of these questions are being addressed.

Dan Snow asked what Mr. Caldwell anticipates in terms of traffic flow from the drive-through lane.

Russell Caldwell stated the planning department came up with a plan to only exit the drive-through lane onto South Main Street and the entrance will be able to utilize the existing curb cut from the municipal parking lot.

Rich Weigel commended Mr. Caldwell on the designs.

The public hearing closed at 9:24 p.m.

It was moved and seconded (Hyland/Cantrell) to accept the findings of fact as presented. The motion carried with a 6-0 roll call vote.

It was motioned and seconded (Redeker/Cantrell) to recommend approval of case 2017-15 subject to four conditions as presented. The motion carried with a 6-0 roll call vote.

2017-14; City of Belvidere: The City of Belvidere, 401 Whitney Boulevard, Belvidere, IL 61008 is requesting a text amendment to the City of Belvidere Zoning Ordinance (Chapter 150 as amended) pertaining to Section 150.013 Definitions (yard; yard, front; yard, rear; yard, side; yard, street side; passenger vehicle parking lots; and truck parking lots), Section 150.704 (F)(2) Curbing, Section 150.712 (C)(3) Maximum Fence Height, Section 150.1003 Definitions (directional sign (on site)), Table 150.1007 (A)(1) Freestanding Signs, Table 150.1007(B)(1) Building Signs, Table 150.1007 (C) (1) Permitted Building Signs by Type and Zoning Districts, Figure 150.1007 (C) (1) (a) Maximum Height Restrictions, Section 150.1009 Animated Signage (all subsequent section numbers change accordingly) and Section 150.902 Amendment of Zoning Regulations (Text Amendments).

Ben Rohr was sworn in. Mr. Rohr stated the case was published in the Boone County Journal on February 24, 2017. Mr. Rohr summarized the staff report dated March 8, 2017. Mr. Rohr stated the planning staff recommends approval of case 2017-14.

City of Belvidere Planning and Zoning Commission Minutes March 14, 2017 Page 20 of 20

Mike Drella said adding graphics to the definitions of terms will help Code Enforcement with compliance issues.

Dan Snow asked for clarification of the animated signage portion of the text amendments.

Gina DelRose said that in the past, the city had conditioned monochromatic animated signs, but do not currently require this.

It was moved and seconded (Cantrell/Maher) to approve case 2017-14. The motion carried with a 6-0 roll call vote.

BUDGET ORDINANCE

City of Belvidere

Ordinance #338H

An ordinance budgeting for all corporate purposes for the City of Belvidere, Boone County, Illinois for the fiscal year beginning May 1, 2017, and ending April 30, 2018.

BE IT ORDAINED by the Mayor and the City Council of the City of Belvidere, Boone County, Illinois, that

SECTION 1: The amount thereinafter set forth, or so much thereof as may be authorized by law, and as may be needed or deemed necessary to defray all expenses and liabilities of the municipality be and the same are hereby budgeted for the corporate purposes of the City of Belvidere, Boone County, Illinois as hereinafter specified for the fiscal year beginning May 1, 2017, and ending April 30, 2018.

SECTION 2: The amount budgeted for each object and purpose shall be as set forth in Exhibit A.

SECTION 3: The salaries for appointed officials and certain other employees are established and fixed as set forth in Exhibit B, which is incorporated by this reference.

SECTION 4: If any section, subdivision, or sentence of this ordinance shall for any reason be held invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance.

SECTION 5: A certified copy of this ordinance shall be filed with the County Clerk within 30 days after adoption.

SECTION 6: This ordinance shall be published in pamphlet form and shall be in full force and effect after its passage, approval, and publication as provided by law.

	day of April, 2017, pursuant to a roll call vote by the city of Belvidere, Boone County, Illinois.

ORDINANCE #339H

AN ORDINANCE GRANTING A ZONING DISTRICT CHANGE FROM SR-6, SINGLE-FAMILY RESIDENTIAL-6 DISTRICT TO I, INSTITUTIONAL DISTRICT (212 and 216 Kishwaukee Street, 215 W. Lincoln Avenue and 220 W. Hurlbut Avenue)

WHEREAS, a written application has been made by Stephen and Diann Anderson (applicants and owners) to obtain a zoning district change from SR-6, Single-family Residential-6 District to I, Institutional District pursuant to applicable provisions of the Zoning Ordinance (Chapter 150 of the Belvidere Municipal Code) of the City of Belvidere, Illinois; and,

WHEREAS, the application for a zoning district change was published in a newspaper of general circulation that is distributed within the City of Belvidere in accordance to Illinois State Statutes; and,

WHEREAS, after due notice the Planning and Zoning Commission held a public hearing on March 14, 2017 to consider the zoning map amendment and has transmitted its findings of fact and recommendation on the matter to the City Council; and,

WHEREAS, the City Council has considered the Planning and Zoning Commission's findings of fact and recommendation.

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BELVIDERE, ILLINOIS, AS FOLLOWS:

Section 1. The zoning for the following property legally described as:

The Northerly one-half of Lots One and Two in Block Two on Mechanics Street, in F.W. Crosbys (first) Addition to Belvidere, as platted and recorded in the Recorder's Office of Boone County, Illinois, excepting therefrom, however, a piece of land 10 feet in width off the South side of said North one-half of said lots and extending across said land the whole length thereof; ALSO, hereby conveying a piece of land 10 feet in width off from the South side of Lot 11 in said Block 2 in Frederick W. Crosby's Second Addition to Belvidere, the Westerly line of said strip being the Westerly line of said Lot 2 extended and the Easterly line of said strip being Easterly line of said Lot 1, extended, situated in Boone County, State of Illinois. (PIN: 05-26-428-006)

The Southerly Twenty (20) feet of Lots Nine (9) and Ten (10) excepting therefrom the Westerly Thirty-nine and one-half (39 ½) feet of the Southerly Twenty (20) feet of said Lot Nine (9) in Block Two (2), (between Kishwaukee Street and Ogden Street, said Ogden Street being formerly known as Pearl Street), in Frederick W. Crosby's Second Addition to Belvidere, as platted and recorded in the Recorder's Office of Boone County, Illinois; said tract having a frontage of Twenty (20) feet on Kishwaukee Street and extending back at right angles to Kishwaukee Street a uniform width of Twenty (20) feet, Westwardly, a distance of Ninety-five (95) and three-tenths (95.3) feet. ALSO, all of Lot Eleven

(11) (fronting on Kishwaukee Street) in Block Two (2) (on East Street) of Frederick W. Crosby's Second Addition to Belvidere, as platted and recorded in the Recorder's Office of Boone County, Illinois, excepting the Westerly Three (3) rods and Sixteen (16) links thereof conveyed by Henry Green to Thomas Goodwin by deed recorded in Book G of Deeds at Page 342, and also excepting from said tract a piece of land Ten (10) feet in width extending along the Southerly side thereof, said last exception being the Southerly Ten feet of said lot or tract. Said lot fronts on Kishwaukee Street and said Block is usually called, "Block Two on East Street." All situated in the City of Belvidere, Boone County, Illinois. (PIN: 05-26-428-021)

Commencing at a point 53.9 feet from the Southeasterly corner of West Hurlbut Avenue and Ogden Street in the City of Belvidere; thence Southerly and parallel with said Ogden Street 115 1/2 feet; thence at right angles Easterly 50 feet; thence at right angles Northerly 115 1/2 feet; thence at right angles Westerly along the line of West Hurlbut Avenue, 50 feet to the place of beginning; being a lot 50 feet in width and 7 rods in depth facing on West Hurlbut Avenue and being a part of Lot marked "6 and 7 Marvin" in Block Two (2) on East Street in Frederick W. Crosby's Second Addition to Belvidere; situated in the County of Boone and State of Illinois.

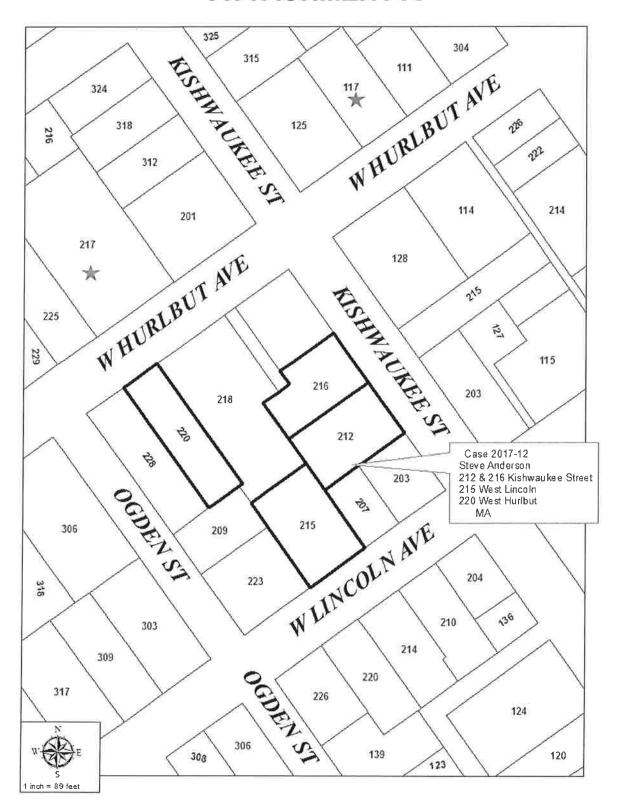

ALSO commencing at the Southeast corner of West Hurlbut Avenue and Ogden Street; thence in a Southerly direction along the East line of said Ogden Street, 179.85 feet; thence in an Easterly direction and parallel with said Hurlbut Avenue, 53.9 feet for a place of beginning; thence continuing in an Easterly direction and parallel with said Hurlbut Avenue along the same course a distance of 50 feet to a point; thence in a Northerly direction parallel to said Ogden Street, 64.35 feet; thence in a Westerly direction parallel to said Hurlbut Avenue, 50 feet to a point; thence in a Southerly direction and parallel with said Ogden Street, 64.35 feet to the place of beginning, the above described premises being a part of Lots Six (6) and Seven (7) in Block Two (2) of Frederick W. Crosby's Second Addition to the City of Belvidere; situated in the County of Boone and State of Illinois. (PIN: 05-26-428-017)

Commencing at a point in the Southerly line of Lot Four (4) in Block Two (2) of Frederick W. Crosby's First Addition to Belvidere on Lincoln Avenue (formerly Mechanic Street), Six (6) rods Easterly from the Southwesterly corner of said Block Two (2); running thence Northerly parallel with Ogden Street (formerly Pearl Street) One Hundred Fifty (150) feet more or less to the Northerly line of said Lot Four (4); thence Easterly on the Northerly line of Lots Four (4) and Three (3) in said Block Two (2), Five (5) rods, more or less to the Northeasterly corner of Lot Three (3) in said Block; thence Southerly along the Easterly line of said Lot Three (3) to the Northerly line of Lincoln Ave; thence Westerly on said Northerly line of Lincoln Avenue to the place of beginning. EXCEPT a strip of land of Twenty-five (25) feet of even width along the Northerly boundary of the above described premises. Situated in the County of Boone and the State of Illinois. (PIN: 05-26-428-015)

is changed and amended from SR-6, Single-family Residential-6 District to I, Institutional District; the Belvidere Official Zoning Map shall be modified to reflect this zoning amendment.

A location map identifying the subject property is herein attached and made a part of this Ordinance (attachment A). Section 2. This Ordinance shall be in full force and effect from and after its passage, approval and publication in the pamphlet form as provided by law. TO:

Mayor and Members of the City Council

FROM:

City of Belvidere Planning and Zoning Commission

SUBJECT:

Recommendation for Case 2017-12; Anderson (MA)

REQUEST AND LOCATION:

The applicants and owners, Stephen and Diann Anderson, 800 Beech Bay Road, Poplar Grove, IL 61065, are requesting a zoning change at 212 and 216 Kishwaukee Street, 215 W. Lincoln Avenue and 220 W. Hurlbut Avenue from SR-6, Single-family Residential-6 District to I, Institutional District pursuant to the Belvidere Zoning Ordinance Section 150.903 Amendment to Official Zoning Map (PINs: 05-26-428-006, 05-26-428-021, 05-26-428-017, and 05-26-428-015). The property is .85 acres and consists of two residences and two vacant lots adjacent to Anderson Funeral and Cremation Services.

RECOMMENDATION:

The Planning and Zoning Commission recommended the approval of case number 2017-12, Anderson (MA), 212-216 Kishwaukee Street, 215 W. Lincoln Avenue and 220 W. Hurlbut Avenue; the motion passed with a (5-0) roll call vote.

Andrew Racz, Chairman
Belvidere Planning and Zoning Commission

MEMO

DATE:

March 15, 2017

TO:

Mayor and Members of the City Council

FROM:

City of Belvidere Planning and Zoning Commission

SUBJECT:

Findings of Fact for Case 2017-12; Anderson (MA)

REQUEST AND LOCATION:

The applicants and owners, Stephen and Diann Anderson, 800 Beech Bay Road, Poplar Grove, IL 61065, are requesting a zoning change at 212 and 216 Kishwaukee Street, 215 W. Lincoln Avenue and 220 W. Hurlbut Avenue from SR-6, Single-family Residential-6 District to I, Institutional District pursuant to the Belvidere Zoning Ordinance Section 150.903 Amendment to Official Zoning Map (PINs: 05-26-428-006, 05-26-428-021, 05-26-428-017, and 05-26-428-015). The property is .85 acres and consists of two residences and two vacant lots adjacent to Anderson Funeral and Cremation Services.

FINDINGS OF FACT:

Per Section 150.903 (D) of the City of Belvidere Zoning Ordinance, the criteria for granting an Amendment of the Official Zoning Map are as follows:

A. Existing uses and intensities of property within the general area of the property in question.

Findings:

Subject properties: Two single family residences and two vacant properties

Adjacent property

North and West: Single-family Residential

South and East: Single-family Residential and Multi-family Residential

The properties are located within the city block bounded by West Hurlbut Avenue, Lincoln Avenue, Kishwaukee Street and Ogden Street, two blocks west of North State Street. The downtown business district is nearby along with the Ida Public Library. Although the properties are located in the West Hurlbut Avenue Historic District that is comprised mostly of residential uses, the Ida Public Library is on the adjacent block and the funeral home has been a part of the neighborhood since 1937. Generally speaking, minor institutional uses are compatible with residential uses (prior to the enactment of an Institutional District enacted in 2006) most minor institutional uses were allowed in the residential districts. Although these four properties were not part of the funeral home's original footprint, utilizing them will allow the funeral home to continue to operate within the neighborhood.

B. The zoning classification of property within the general area of the property in question.

Findings:

Subject properties: SR-6, Single-family Residential-6 District

Adjacent property:

North, East and West: Institutional and SR-6, Single-family Residential-6 District

South: SR-6, Single-family Residential-6 District

Other than the location of the library's anticipated parking lot expansion, the immediately adjacent property is zoned residential. To the east, along State Street there is a mix of Institutional District and Central Business District zoned properties.

C. The suitability of the property in question for the uses permitted under the existing zoning classification.

<u>Findings:</u> The property is suitable for the current zoning classification in its current configuration; however, the funeral home has been a part of the neighborhood since 1937 and would most likely not be converted to a single family residence. The funeral home is outdated and too small for the community's current needs. Instead of demolishing the existing historic funeral home and rebuilding a very large building, the applicants are requesting to preserve the existing funeral home and build a second smaller building, more to scale with the surrounding residences.

D. The trend of development, if any, in the general area of the property in question, including changes (such as the presence of new roads or other infrastructure, additional development, annexation, or other zoning changes), if any, that may have taken place since the day the property in question was placed in its present zoning classification and that make the property more appropriate for a different zoning district.

<u>Findings:</u> Major changes that make the property more appropriate for different zoning districts have not occurred since the property was placed in its present zoning classification.

Other than the funeral home being rezoned in 2013 in order to be brought into compliance, no significant changes to the immediate area have occurred. The rezoning is being requested, not because the property is no longer appropriate for single family residential development, but because a long-established business in the neighborhood needs to expand.

E. Whether the proposed amendment is consistent with the plans and policies of the Comprehensive plan adopted by the City of Belvidere.

Findings:

<u>Subject properties</u>: Single Family Residential <u>All Adjacent property:</u> Single-Family Residential

The proposed rezoning is not consistent with the plans and policies of the Comprehensive plan adopted by the city. The subject property is designated residential by the City of Belvidere's Comprehensive Plan, adopted November 10, 1999. The Single-Family Residential land use category encourages sewered, single-family residential development at densities up to five (5) dwelling units per acre. The Comprehensive Plan does not call-out future institutional uses unless a school or church had purchased property for future use.

The Comprehensive Plan depicts a minimal amount of zoning changes in Belvidere. The lack of changes in the Comprehensive Plan could be due to an abundance of land surrounding Belvidere that makes infill development less popular. The current Zoning Ordinances does not allow institutional uses outside of Institutional and Central Business zoning districts. The residential districts allowed funeral homes as a special use in 1999 when the Comprehensive Plan was adopted. A funeral home is no longer permitted in residential districts. An argument could be made that at the time the Plan was drafted and approved, Belvidere did not intend to prevent any funeral home from expanding or remaining in its current location. Institutional uses are usually zoned on a lot-by-lot basis.

F. Whether the proposed Official Zoning Map amendment furthers the purposes of the Zoning Ordinance and the applicable rules and regulations of the State of Illinois and the Federal Emergency Management Agency (FEMA).

<u>Findings:</u> The proposed Official Zoning Map amendment will further the purposes of this Chapter and the applicable rules and regulations of the State of Illinois and the Federal Emergency Management Agency (FEMA).

The applicant needs to meet the requirements of all codes and regulations.

G. Whether a mistake was made in mapping on the Official Zoning Map or if an area is developing in a manner and purpose different from that for which it is mapped.

Findings: This criterion does not apply to this case.

There was a motion to adopt the Findings of Fact as presented by the planning staff for case 2016-13, Thomas, 1210 W. Locust Street; the motion carried with a (5-0) roll call vote.

ADVISORY REPORT

CASE NO: 2017-12 APPLICANT: Anderson, West Hurlbut Avenue and Kishwaukee Street

REQUEST AND LOCATION:

The applicants and owners, Stephen and Diann Anderson, 800 Beech Bay Road, Poplar Grove, IL 61065, are requesting a zoning change at 212 and 216 Kishwaukee Street, 215 W. Lincoln Avenue and 220 W. Hurlbut Avenue from SR-6, Single-family Residential-6 District to I, Institutional District pursuant to the Belvidere Zoning Ordinance Section 150.903 Amendment to Official Zoning Map (PINs: 05-26-428-006, 05-26-428-021, 05-26-428-017, and 05-26-428-015). See the attached location map. The property is .85 acres and consists of two residences and two vacant lots adjacent to Anderson Funeral and Cremation Services. See the attached aerial photo.

BACKGROUND:

Anderson Funeral and Cremation Services (formerly Buck-Wheeler-Hyland Funeral Home) has been operating within the historic West Hurlbut Avenue neighborhood since 1937. The current Zoning Ordinance adopted on March 6, 2006 allows funeral homes in the Institutional District but not the residential districts. The Belvidere Zoning Ordinance from 1956 to 2005 did not have an Institutional District; instead, funeral homes were permitted by right in the commercial districts until 1998 when they became permitted as a special use in the residential districts. Since the funeral home predates the City's inception of zoning, it was considered a legal non-conforming use until it was rezoned to Institutional on June 3, 2013.

In order for the funeral home to continue serving the community and provide new services, the applicants are requesting to rezone four adjacent parcels from single family residential to institutional. The rezoning will allow a much-needed expansion of the parking lot, provide a centralized preparation and cremation facility and employee work areas. The new building and parking lot permitted by the rezoning will also need a special use for a planned development due to requested deviations of the zoning ordinance. The applicants are petitioning for the special use concurrently with the rezoning.

Land uses permitted by right in the Institutional District are not-for-profit recreational facilities such as gyms, swimming pools, libraries and museums. Schools, colleges, churches, nonprofit clubs and other similar land uses are also permitted. All seven parcels create an approximately 1.5 acre parcel which is too small to house many of the permitted land uses in the Institutional

District. Parcels of this size are most likely to be developed by a funeral home, church, small library or museum. The Ida Public Library is a block away, the Boone County Historical Museum is located on South State Street and small churches are scattered through the city in predominantly residential neighborhoods. Institutional land uses are land uses that have traditionally been located in residential areas.

FINDINGS OF FACT:

Per Section 150.903 (D) of the City of Belvidere Zoning Ordinance, the criteria for granting an Amendment of the Official Zoning Map are as follows:

A. Existing uses and intensities of property within the general area of the property in question.

Findings:

Subject properties: Two single family residences and two vacant properties

Adjacent property

North and West: Single-family Residential

South and East: Single-family Residential and Multi-family Residential

The properties are located within the city block bounded by West Hurlbut Avenue, Lincoln Avenue, Kishwaukee Street and Ogden Street, two blocks west of North State Street. The downtown business district is nearby along with the Ida Public Library. Although the properties are located in the West Hurlbut Avenue Historic District that is comprised mostly of residential uses, the Ida Public Library is on the adjacent block and the funeral home has been a part of the neighborhood since 1937. Generally speaking, minor institutional uses are compatible with residential uses (prior to the enactment of an Institutional District enacted in 2006) most minor institutional uses were allowed in the residential districts. Although these four properties were not part of the funeral home's original footprint, utilizing them will allow the funeral home to continue to operate within the neighborhood.

B. The zoning classification of property within the general area of the property in question.

Findings:

Subject properties: SR-6, Single-family Residential-6 District

Adjacent property:

North, East and West: Institutional and SR-6, Single-family Residential-6 District

South: SR-6, Single-family Residential-6 District

Other than the location of the library's anticipated parking lot expansion, the immediately adjacent property is zoned residential. To the east, along State Street there is a mix of Institutional District and Central Business District zoned properties.

C. The suitability of the property in question for the uses permitted under the existing zoning classification.

<u>Findings:</u> The property is suitable for the current zoning classification in its current configuration; however, the funeral home has been a part of the neighborhood since 1937 and would most likely not be converted to a single family residence. The funeral home is outdated and too small for the community's current needs. Instead of demolishing the existing historic funeral home and rebuilding a very large building, the applicants are

requesting to preserve the existing funeral home and build a second smaller building, more to scale with the surrounding residences.

D. The trend of development, if any, in the general area of the property in question, including changes (such as the presence of new roads or other infrastructure, additional development, annexation, or other zoning changes), if any, that may have taken place since the day the property in question was placed in its present zoning classification and that make the property more appropriate for a different zoning district.

<u>Findings:</u> Major changes that make the property more appropriate for different zoning districts have not occurred since the property was placed in its present zoning classification.

Other than the funeral home being rezoned in 2013 in order to be brought into compliance, no significant changes to the immediate area have occurred. The rezoning is being requested, not because the property is no longer appropriate for single family residential development, but because a long-established business in the neighborhood needs to expand.

E. Whether the proposed amendment is consistent with the plans and policies of the Comprehensive plan adopted by the City of Belvidere.

Findings:

<u>Subject properties</u>: Single Family Residential <u>All Adjacent property:</u> Single-Family Residential

The proposed rezoning is not consistent with the plans and policies of the Comprehensive plan adopted by the city. The subject property is designated residential by the City of Belvidere's Comprehensive Plan, adopted November 10, 1999. The Single-Family Residential land use category encourages sewered, single-family residential development at densities up to five (5) dwelling units per acre. The Comprehensive Plan does not call-out future institutional uses unless a school or church had purchased property for future use.

The Comprehensive Plan depicts a minimal amount of zoning changes in Belvidere. The lack of changes in the Comprehensive Plan could be due to an abundance of land surrounding Belvidere that makes infill development less popular. The current Zoning Ordinances does not allow institutional uses outside of Institutional and Central Business zoning districts. The residential districts allowed funeral homes as a special use in 1999 when the Comprehensive Plan was adopted. A funeral home is no longer permitted in residential districts. An argument could be made that at the time the Plan was drafted and approved, Belvidere did not intend to prevent any funeral home from expanding or remaining in its current location. Institutional uses are usually zoned on a lot-by-lot basis.

F. Whether the proposed Official Zoning Map amendment furthers the purposes of the Zoning Ordinance and the applicable rules and regulations of the State of Illinois and the Federal Emergency Management Agency (FEMA).

<u>Findings:</u> The proposed Official Zoning Map amendment will further the purposes of this Chapter and the applicable rules and regulations of the State of Illinois and the Federal Emergency Management Agency (FEMA).

The applicant needs to meet the requirements of all codes and regulations.

G. Whether a mistake was made in mapping on the Official Zoning Map or if an area is developing in a manner and purpose different from that for which it is mapped.

Findings: This criterion does not apply to this case.

SUMMARY:

The planning staff believes that the proposed rezoning and use for the properties are not more intense than the other uses in the general area which includes the downtown area, Ida Public Library and the West Hurlbut Avenue Historic District. Development trends such as the anticipated expansion of the library and funeral home and the designation of the West Hurlbut Historic District have occurred over time. The Comprehensive Plan designates the subject property as Single-family Residential; however, the Comprehensive Plan did not indicate future institutional land uses in 1999. The rezoning of the parcels to Institutional would not be detrimental to the general vicinity.

RECOMMENDATION:

Planning staff recommends the approval of case number 2017-12 to rezone 220 West Hurlbut Avenue, 215 West Lincoln Avenue, 212 Kishwaukee Street and 216 Kishwaukee Street from Single-family Residential-6 to Institutional.

PLANNING AND ZONING COMMISSION/CITY COUNCIL ACTION

The Planning and Zoning Commission shall make and forward findings of fact as to the whether the proposed map amendment furthers the purposes of the Zoning Ordinances and make a recommendation to the City Council. The City Council shall review the findings and recommendation and may accept or reject the findings and recommendation of the Planning and Zoning Commission in whole or in part; or the City Council may refer the matter back to the Planning and Zoning Commission for further consideration. Any approval shall be considered the approval of a unique request and not be construed as precedent for any other proposed map amendment.

City of Belvidere Community Development 401 Whitney Blvd. Belvidere, IL 61008

Re: Zoning change

Dear City of Belvidere,

Myself, Stephen G. Anderson and my wife, Diann Anderson purchased the properties located at 212 and 214 Kishwaukee Street as well as 215 W. Lincoln Avenue through our holding company Proverbs 3:5-6. My funeral home business, Anderson Funeral and Cremation Services at 218 W. Hurlbut Avenue, Belvidere, IL owns the neighboring property of 220 W. Hurlbut Avenue, Belvidere, IL.

We are asking for a change in zoning from SR-6 to Institutional. We are requesting this zoning change to aid in augmenting our funeral home's ability to meet the changing needs of our community. The proper zoning for these parcels would be institutional. This will allow our business to expand parking for the community; provide a centralized preparation and cremation facility that will provide a state of the art facility for our continued service to the families of Belvidere and Boone County. In addition this will provide a safe environment for the employees of Anderson Funeral and Cremation Services as well as our continued effort to beautify our neighborhood and Belvidere, with appropriate landscaping, lighting and building design.

Since 1937, Anderson Funeral and Cremation Services, our predecessor firms, Buck-Wheeler-Hyland and before them Atkins-Johnson, have been proud to serve our community from this location. Each era faced new challenges and brought new changes that were met through augmentation and expansion of our "campus"; and today is no different.

We are excited about the future of our business in Belvidere. The new services that we can offer to you and those who call Belvidere and Boone County home. We hope you will embrace our excitement and join us in our venture as we ask for your assistance in making this change in zoning from SR-6 to Institutional.

Sincerely

Stephen G. Anderson

211 N. Appleton Road Belvidere, IL 61008 815-544-2677 ext. 3

January 19, 2017

City of Belvidere Planning Department 401 Whitney Blvd. Belvidere, IL 61008

SWCD NRI #1530

Dear Sir/Madam,

Stephen Anderson has submitted request for a Natural Resource Information Report for zoning change from SR-6 to Institutional at: 212 & 216 Kishwaukee Street, 215 W. Lincoln Avenue, and 220 W. Hurlbut Avenue in Belvidere, Illinois. We will submit a written reply to your office as indicated below:

Our review does not apply in this instance.

Other (see attached).

Sincerely,

Jennifer Becker

ORDINANCE #340H

AN ORDINANCE GRANTING A SPECIAL USE FOR A PLANNED DEVELOPMENT WITHIN THE I, INSTITUTIONAL DISTRICT

(For Anderson Funeral Home and Cremation Services 218 W. Hurlbut and adjacent properties)

WHEREAS, the City of Belvidere has adopted Chapter 150, Zoning Ordinance in accordance with the provisions of Illinois Compiled Statutes to regulate the use of land and specify the minimum requirements for improvements on land in the City of Belvidere; and

WHEREAS, special uses are certain municipal or private uses that due to their physical or operational characteristics may pose a threat to the value, to the use and to the enjoyment of adjoining property, are reviewed on a case by case basis and are permitted only by permission of the Belvidere City Council; and,

WHEREAS, the applicants and owners, Stephen and Diann Anderson, 800 Beech Bay Poplar Grove, IL 61065 have petitioned the City for a special use for a planned development to construct an administration and preparation building; and,

WHEREAS, after due notice by publication pursuant to the Illinois State Statutes, the City of Belvidere Planning and Zoning Commission held a public hearing on March 14, 2017 concerning the proposed special use; and,

WHEREAS, the City of Belvidere Planning and Zoning Commission having examined the application and having considered the evidence, both oral and documentary and being fully advised about the premises did make findings of fact and a recommendation; and,

WHEREAS, the corporate authorities of the City considered the findings of fact and concur with the recommendation of the Planning and Zoning Commission.

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BELVIDERE, BOONE COUNTY, ILLINOIS, AS FOLLOWS:

Section 1. The foregoing recitals are incorporated herein by this reference.

Section 2. That a special use for a planned development allowing reduced setbacks, reduced throat lengths and a reduced landscape surface ratio in the I, Institutional District for an administration and preparation building for Anderson Funeral Home and Cremation Services on the property shown in Attachment A and legally described as:

The Southerly Twenty (20) feet of Lots Nine (9) and Ten (10) excepting therefrom the Westerly Thirty-nine and one-half (39 ½) feet of the Southerly Twenty (20) feet of said Lot Nine (9) in Block Two (2), (between Kishwaukee Street and Ogden Street, said Ogden Street being formerly known as Pearl Street), in Frederick W. Crosby's Second Addition to Belvidere, as platted and recorded in the Recorder's Office of Boone

County, Illinois; said tract having a frontage of Twenty (20) feet on Kishwaukee Street and extending back at right angles to Kishwaukee Street a uniform width of Twenty (20) feet, Westwardly, a distance of Ninety-five (95) and three-tenths (95.3) feet. ALSO, all of Lot Eleven (11) (fronting on Kishwaukee Street) in Block Two (2) (on East Street) of Frederick W. Crosby's Second Addition to Belvidere, as platted and recorded in the Recorder's Office of Boone County, Illinois, excepting the Westerly Three (3) rods and Sixteen (16) links thereof conveyed by Henry Green to Thomas Goodwin by deed recorded in Book G of Deeds at Page 342, and also excepting from said tract a piece of land Ten (10) feet in width extending along the Southerly side thereof, said last exception being the Southerly Ten feet of said lot or tract. Said lot fronts on Kishwaukee Street and said Block is usually called, "Block Two on East Street." All situated in the City of Belvidere, Boone County, Illinois. (PIN: 05-26-428-021)

Parcel I: Commencing at the Northeasterly corner of Lot Eight (8) in Block Two (2) in Frederick W. Crosby's Second Addition to Belvidere, on the Southerly line of Hurlbut Avenue (formerly East Street) and running thence Southeasterly on the Easterly line of said Lot Eight (8), 10.9 rods to the Southerly line of said Block Two (2); thence at right angles Southwesterly along the Southerly line of said Block Two (2), 75.90 feet to a point; thence Northwesterly parallel with the Westerly line of said Block Two (2), 64.35 feet to a point; thence at right angles Southwesterly, parallel with the Southerly line of Hurlbut Avenue .66 feet; thence at right angles Northwesterly parallel with the Westerly line of said Block Two (2), 115.50 feet to the Southerly line of Hurlbut Avenue; thence Northeasterly along the Southerly line of Hurlbut Avenue; thence Northeasterly along the Southerly line of Hurlbut Avenue 76.56 feet to the place of beginning, EXCEPTING THEREFROM the Westerly 0.66 feet of the above described property.

ALSO, the Westerly 23 $\frac{1}{2}$ feet of Lot Nine (9) in Block Two (2) of Frederick W. Crosby's said Second Addition to Belvidere, being a piece of land 23 $\frac{1}{2}$ wide and 115 $\frac{1}{2}$ deep.

ALSO, a strip of land of twenty-five (25) feet of even width along the Northerly boundary of the following described premises: Commencing at a point in the Southerly line of Lot Four (4) in Block Two (2) of Frederick W. Crosby's First Addition to Belvidere on Lincoln Avenue (formerly Mechanic Street), Six (6) rods Easterly from the Southwesterly corner of said Block Two (2); running thence Northerly parallel with Ogden Street (formerly Pearl Street) One Hundred Fifty (150) feet more or less to the Northerly line of said Lot Four (4); thence Easterly on the Northerly line of Lots Four (4) and Three (3) in said Block Two (2), Five (5) rods more or less to the Northeasterly corner of Lot Three (3) in said Block; thence Southerly along the Easterly line of said Lot Three (3) to the Northerly line of Lincoln Avenue; thence Westerly on said Northerly line of Lincoln Avenue to the place of beginning; situated in the County of Boone and the

State of Illinois.

Parcel II: Lots Nine (9) and Ten (10) in Block Two (2) (between Kishwaukee Street and Ogden Street, said Ogden Street being formerly known as Pearl Street) in Frederick W. Crosby's Second Addition to Belvidere: EXCEPTING THEREFROM the Westerly 23 1/2 feet of said Lot Nine (9); and also EXCEPTING THEREFROM beginning at the Southeasterly corner of said Lot 10 in Block 2 in Frederick W. Crosby's Second Addition to Belvidere; thence Westerly along the Southerly line of Lots 10 and 9 in said Block 2 to a point 23 1/2 feet Easterly from the Southwesterly corner of said Lot 9; thence Northerly parallel with the Westerly line of said Lot 9, 20 feet; thence Easterly parallel with the Southerly line of Lots 9 and 10 to a point in the Easterly line of said Lot 10; thence Southerly along last said Easterly Lot line 20 feet to the place of beginning, situated in the County of Boone and the State of Illinois. ALSO, part of Lot Nine (9) in Block Two (2) as designated upon the plat of Frederick W. Crosby's Second Addition to Belvidere, being a Subdivision of part of the Southeast Quarter (1/4) of Section Twenty-six (26), Township Forty-four (44) North, Range Three (3) East of the Third (3rd) Principal Meridian, the plat of which Subdivision is recorded in Book C of Deeds on page 153 in the Recorder's Office of Boone County, Illinois, bounded and described as follows, to-wit: Commencing at the most Southerly corner of said Lot; thence North 54 degrees 00 minutes 02 seconds East, along the Southeasterly line of said Lot, 23.50 feet to the Northeasterly line of the Southwesterly 23.50 feet of said Lot and the point of beginning for the following described tract; thence North 35 degrees 52 minutes 14 seconds West, along said Northeasterly line, 20.00 feet to its intersection with the Northwesterly line of the Southeasterly 20.0 feet of said Lot; thence North 54 degrees 00 minutes 02 seconds East, along said Northwesterly line, 16.00 feet; thence South 35 degrees 52 minutes 14 seconds East, parallel with the Northeasterly line of the Southwesterly 23.50 feet of said Lot, 20.00 feet to the Southeasterly line of said Lot; thence South 54 degrees 00 minutes 02 seconds West, along the Southeasterly line of said Lot, 16.00 feet to the point of beginning; situated in the County of Boone and the State of Illinois. (PINs: 05-26-428-016; 05-26-428-019; and 05-26-428-020)

Commencing at a point 53.9 feet from the Southeasterly corner of West Hurlbut Avenue and Ogden Street in the City of Belvidere; thence Southerly and parallel with said Ogden Street 115 1/2 feet; thence at right angles Easterly 50 feet; thence at right angles Northerly 115 1/2 feet; thence at right angles Westerly along the line of West Hurlbut Avenue, 50 feet to the place of beginning; being a lot 50 feet in width and 7 rods in depth facing on West Hurlbut Avenue and being a part of Lot marked "6 and 7 Marvin" in Block Two (2) on East Street in Frederick W. Crosby's Second Addition to Belvidere; situated in the County of Boone and State of Illinois.

ALSO commencing at the Southeast corner of West Hurlbut Avenue and Ogden Street; thence in a Southerly direction along the East line of said Ogden Street, 179.85 feet; thence in an Easterly direction and parallel with said Hurlbut Avenue, 53.9 feet for a place of beginning; thence continuing in an Easterly direction and parallel with said Hurlbut Avenue along the same course a distance of 50 feet to a point; thence in a Northerly direction parallel to said Ogden Street, 64.35 feet; thence in a Westerly direction parallel to said Hurlbut Avenue, 50 feet to a point; thence in a Southerly direction and parallel with said Ogden Street, 64.35 feet to the place of beginning, the above described premises being a part of Lots Six (6) and Seven (7) in Block Two (2) of Frederick W. Crosby's Second Addition to the City of Belvidere; situated in the County of Boone and State of Illinois. (PIN: 05-26-428-017)

Commencing at a point in the Southerly line of Lot Four (4) in Block Two (2) of Frederick W. Crosby's First Addition to Belvidere on Lincoln Avenue (formerly Mechanic Street), Six (6) rods Easterly from the Southwesterly corner of said Block Two (2); running thence Northerly parallel with Ogden Street (formerly Pearl Street) One Hundred Fifty (150) feet more or less to the Northerly line of said Lot Four (4); thence Easterly on the Northerly line of Lots Four (4) and Three (3) in said Block Two (2), Five (5) rods, more or less to the Northeasterly corner of Lot Three (3) in said Block; thence Southerly along the Easterly line of said Lot Three (3) to the Northerly line of Lincoln Ave; thence Westerly on said Northerly line of Lincoln Avenue to the place of beginning. EXCEPT a strip of land of Twenty-five (25) feet of even width along the Northerly boundary of the above described premises. Situated in the County of Boone and the State of Illinois. (PIN: 05-26-428-015)

The Northerly one-half of Lots One and Two in Block Two on Mechanics Street, in F.W. Crosbys (first) Addition to Belvidere, as platted and recorded in the Recorder's Office of Boone County, Illinois, excepting therefrom, however, a piece of land 10 feet in width off the South side of said North one-half of said lots and extending across said land the whole length thereof; ALSO, hereby conveying a piece of land 10 feet in width off from the South side of Lot 11 in said Block 2 in Frederick W. Crosby's Second Addition to Belvidere, the Westerly line of said strip being the Westerly line of said Lot 2 extended and the Easterly line of said strip being Easterly line of said Lot 1, extended, situated in Boone County, State of Illinois. (PIN: 05-26-428-006)

is hereby approved, subject to the following conditions:

Ordinance #340H Page 5 of 9

- 1. The Planned Development shall be developed in substantial conformance with the site plan and elevations submitted with the application (February 16, 2017) unless otherwise noted (Attachment B).
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, police, fire, planning, etc.) prior to the issuance of building permits.
- 3. The seven properties shall be replatted into one lot.
- 4. Detention for any increase in storm water runoff from the existing condition to the fully improved conditions will need to be provided.
- 5. Storm water runoff from the new parking areas shall be captured in storm drains on the property and discharged into the city storm sewer system.
- 6. Driveways shall be constructed in accordance with city standards.
- 7. The Planned Development is granting only the following flexible standards: Primary building setback 10 feet from south property line and accessory building setback six feet from west property line (Section 150.204(C)(3)(A)(3); a reduction of the required throat length to 15 feet (Table 150.704(G)(6) and a reduction of the required Landscape Surface Ratio to 35% (Section 150(D)(1)(G)(1)(B)
- **Section 3.** That the premises shall be used in accordance with and subject to the applicable provisions of the Zoning Ordinance of the City of Belvidere and shall not be used except as may otherwise be expressly authorized by the applicable law and the special use.
- **Section 4.** That acceptance of any of the benefits of this Special Use shall be deemed acceptance of all the terms and conditions set forth herein.
- **Section 5**. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.
- **Section 6**. If any section, paragraph, subdivision, clause, sentence or provision of this Ordinance shall be adjudged by any Court of competent jurisdiction to be invalid, such judgment shall not affect, impair, invalidate or nullify the remainder thereof, which remainder shall remain and continue in full force and effect.

MEMO

DATE:

March 15, 2017

TO:

Mayor and Members of the City Council

FROM:

City of Belvidere Planning and Zoning Commission

SUBJECT:

Recommendation—Case: 2017-13; Anderson (SU)

REQUEST AND LOCATION:

The applicants and property owners, Stephen and Diann Anderson, 800 Beech Bay Road, Poplar Grove, IL 61065, are requesting a special use to permit a planned development in the I, Institutional District (pending rezoning) at 218 W. Hurlbut Avenue and surrounding properties. The planned development will allow Anderson Funeral and Cremation Services to construct a detached garage for work vehicles and an office administration and preparation building. A parking area will also be added. The new building will be located 10 feet from the south property line (a reduction of 40 feet), the detached garage will be six feet from the west property line (a reduction of 44 feet), the parking lot throat lengths will be five-feet from the north and south property lines (a reduction of 20 feet) and the landscape surface ratio will be 35% (a decrease of 15%) (Belvidere Zoning Ordinance Sections 150.204(C)(3)(A)(3), Table 150.704(G)(6), 150.105(D)(1)(G)(1)(B) and 150.904 Special Use Review and Approval Procedures. The property is approximately 1.5 acres and is developed with a funeral home, small parking area, single family residences and open space (PINs: 05-26-428-021, 05-26-428-016, 05-26-428-019, 05-26-428-020, 05-26-428-017, 05-26-428-015, PIN: 05-26-428-006).

RECOMMENDATION:

The planning and zoning commission recommended the **approval** of case number **2017-13** for a planned development at 218 W. Hurlbut Avenue and adjacent properties subject to the following conditions:

- 1. The Planned Development shall be developed in substantial conformance with the site plan and elevations submitted with the application (February 16, 2017) unless otherwise noted.
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, police, fire, planning, etc.) prior to the issuance of building permits.
- 3. The seven properties shall be replatted into one lot.
- 4. Detention for any increase in storm water runoff from the existing condition to the fully improved conditions will need to be provided.
- 5. Storm water runoff from the new parking areas shall be captured in storm drains on the property and discharged into the city storm sewer system.
- 6. Driveways shall be constructed in accordance with city standards.
- 7. The Planned Development is granting only the following flexible standards: Primary building setback 10 feet from south property line and accessory building setback six feet

from west property line (Section 150.204(C)(3)(A)(3); a reduction of the required throat length to 15 feet (Table 150.704(G)(6) and a reduction of the required Landscape Surface Ratio to 35% (Section 150(D)(1)(G)(1)(B)

Motion to approve case 2017-13; Anderson (SU) carried with a (5-0) roll call vote.

Andy Racz, Chairman
Belvidere Planning and Zoning Commission

Memo

To: Gina DelRose, Community Development Planner

From: Brent Anderson, Director of Public Works

Date: February 27, 2017

Re: Case #2017-12 &13, Anderson Funeral and Cremation Services

Having reviewed the Special Use Request, I would offer the following comments:

- 1. With the removal of three existing structures, there will be no connection fees due for the new administration building.
- 2. The owner will need to provide detention for any increase in storm water runoff from the existing condition to the fully improved condition
- 3. Storm water runoff from the new parking areas shall be captured in storm drains on the property and discharged into the city storm sewer system.
- 4. Driveways shall be constructed in accordance with city standards.

ADVISORY REPORT

CASE NO: 2017-13

APPLICANT: Anderson, 218 West Hurlbut Avenue

REQUEST AND LOCATION:

The applicants and property owners, Stephen and Diann Anderson, 800 Beech Bay Road, Poplar Grove, IL 61065, are requesting a special use to permit a planned development in the I, Institutional District (pending rezoning) at 218 W. Hurlbut Avenue and surrounding properties. The planned development will allow Anderson Funeral and Cremation Services to construct a detached garage for work vehicles and an office administration and preparation building. A parking area will also be added. The new building will be located 10 feet from the south property line (a reduction of 40 feet), the detached garage will be six feet from the west property line (a reduction of 44 feet), the parking lot throat lengths will be five-feet from the north and south property lines (a reduction of 20 feet) and the landscape surface ratio will be 35% (a decrease of 15%) (Belvidere Zoning Ordinance Sections 150.204(C)(3)(A)(3), Table 150.704(G)(6), 150.105(D)(1)(G)(1)(B) and 150.904 Special Use Review and Approval Procedures. The property is approximately 1.5 acres and is developed with a funeral home, small parking area, single family residences and open space (PINs: 05-26-428-021, 05-26-428-016, 05-26-428-019, 05-26-428-020, 05-26-428-017, 05-26-428-015, PIN: 05-26-428-006).

EXISTING LAND USE ON SUBJECT PROPERTY AND ADJACENT PROPERTY:

Subject property: Funeral home, open space, single family residential

Adjacent property:

North and West: Single family residential

South and East: Single family residential and multi-family residential

CURRENT ZONING ON SUBJECT PROPERTY AND ADJACENT PROPERTY:

Subject property: I, Institutional (pending rezoning)

All Adjacent property: SR-6, Single Family Residential-6 (additional I, Institutional northeast

of the property)

COMPREHENSIVE PLAN ON SUBJECT PROPERTY AND ADJACENT PROPERTY:

<u>Subject property:</u> Single Family Residential <u>All Adjacent property:</u> Single Family Residential

BACKGROUND:

Anderson Funeral and Cremation Services (formerly Buck-Wheeler-Hyland Funeral Home) has been operating within the historic West Hurlbut Avenue neighborhood since 1937. In order for the funeral home to continue serving the community and provide new services, the applicants are requesting to rezone four adjacent parcels from single family residential to institutional so that a planned development may be granted allowing the construction of a second building and larger parking area.

The funeral home is outdated and too small for the community's current needs. Instead of demolishing the existing historic funeral home and rebuilding a very large building, the applicants are requesting to preserve the existing funeral home and build a second smaller building, more to scale with the surrounding residences. In order to accomplish this, four deviations from the Zoning Ordinance are being requested.

The applicants are requesting to construct the building ten feet from the south property line instead of the required 50 feet. The large detached garage is also requested to have a smaller setback than 50 feet; it is proposed to be six-feet from the western property line. The previous SR-6 District regulations require primary structures to be six feet and accessory structures to be three feet from the property line. Although institutional land uses are often found in residential neighborhoods, they have greater setbacks due to their size. The new garage will be 2,250 square feet and the new building will be 7,200 square feet. The building will be designed with similar roof lines and materials to surrounding historic properties.

In order to provide much-needed parking spaces, the applicant is requesting that the 25 foot required throat length be reduced to five-feet in order to provide six more parking spaces (for a total of 39 parking spaces). This is significantly more than what currently exists. The applicant is also requesting to reduce the required landscape surface ratio from 50% to 35%. It appears that the current lot coverage is approximately 57%; the request would be to increase the lot coverage an additional 8%. This will allow for the additional pavement for the parking area and parking lot access from Lincoln Avenue, a road that is better suited for the funeral home's current traffic levels.

In order to remove interior lot lines and any potential interior easements, the seven parcels will be required to be replatted into one lot. This will allow construction of the building and parking area not to be inhibited by additional setbacks. The replat is anticipated to occur in the coming months.

TREND OF DEVELOPMENT:

The property is located two blocks west of North State Street at the edge of the City's downtown area. The Ida Public Library future expansion will be located across the street. A large portion of West Hurlbut Avenue (excluding the funeral home and subject properties) is within a local landmark historic district.

COMPREHENSIVE PLAN:

The subject property is designated residential by the City of Belvidere's Comprehensive Plan, adopted November 10, 1999. The single-family residential land use category encourages sewered single-family residential development at densities up to five (5) dwelling units per acre.

FLEXIBLE DEVELOPMENT STANDARDS:

According to Section 150.907 (B) (1) A. of the City of Belvidere Zoning Ordinance, new and alternative standards may be approved for a development by the city. The applicant is requesting the following standards specific to this project.

Zoning Ordinance:

Article I, Section 150.204(C)(3) Indoor Institutional (minor) (A)(3)

All structures shall be located a minimum of 50 feet from any residentially zoned property

The applicant would like to construct the building 10 feet from the south property line and the detached garage six feet from the west property line. These setbacks are more in line with the nearby residences.

 Article I, Section 150.704 Off-Street Parking and Traffic Circulation Standards, Table 150.704(G)(6) Minimum Permitted Throat Length

The applicant would like to reduce the required throat length for commercial uses along collector streets from 25 feet to five feet.

 Article I, Section 150.105(D)(1) Institutional District (G)(1)(B) Minimum Landscape Surface Ratio

Minimum Landscape Surface Ratio: 50%

The applicants are requesting to increase the allowable lot coverage from 50% to 65%, making the landscape surface ratio 35%. This increased lot coverage will allow for additional parking spaces.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use (Planned Development) Permit are as follows:

A. <u>Findings:</u> The establishment, maintenance, or operation of the Planned Development will not be completely unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The planned development is to allow a building that will be utilized for the funeral home's office/administration and preparation work. There will be an attached garage and detached garage to house employee vehicles and business vehicles. Instead of demolishing the current funeral home in order to construct a much larger building that would house everything together, the applicants are requesting to build a second building, at a smaller scale, in order to accommodate the growing needs of the community. The setbacks will remain greater than what is required in the adjacent SR-6 District.

The increased lot coverage and reduced throat lengths will allow for 39 parking spaces, a significant increase from what currently exists. The property does not currently meet the 50% lot coverage requirement; the actual increase to impervious surface area is anticipated to be 8%. The reconfigured parking area will be accessible from Lincoln Avenue, a road that is better equipped to handle the current traffic levels of the funeral home. However, due to Lincoln Avenue being more traveled than West Hurlbut Avenue, the planning staff does not recommend reducing the throat length to five feet. Planning staff recommends that two parking spaces be removed, reducing the throat length to 15 feet. This will still allow for increased parking spaces while providing more room to maneuver vehicles.

B. <u>Findings:</u> The requested Planned Development, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals, objectives, policies, and standards of the City of Belvidere Comprehensive Plan, this Chapter, and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan adopted in 1999 shows the property and all adjacent property as single family residential. The Comprehensive Plan did not show future institutional properties unless they were owned by an entity such as a church or school.

Institutional land uses, especially indoor institutional minor, are land uses that are typically located in residential neighborhoods or adjacent to residential areas. The property is located nearby the City's downtown area and the Ida Public Library which is an institutional land use.

C. <u>Findings:</u> The Planned Development will not in its proposed location and as depicted on the required site plan, completely result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The building will be designed to have similar roof pitches and building materials as the nearby residences within the historic district. The setbacks are being reduced to allow the building to be constructed in a similar location as a residence.

The parking lot is expanding significantly and will now be accessible by Lincoln Avenue. This will greatly reduce the amount of traffic and on-street parking along residential West Hurlbut Avenue.

D. <u>Findings:</u> The establishment of the Planned Development will not completely impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land uses intensities, and land use impacts as related to the environs of the subject property.

Planning staff does not anticipate the planned development impeding future development. The special use is not for an additional non-residential land use to locate in the neighborhood. The funeral home has been there since 1937 and is a part of the

neighborhood. In addition to the funeral home, the Ida Public Library and the downtown area are within two blocks. The funeral home is located in the block of West Hurlbut Avenue where the neighborhood begins to transition from residential to central business.

E. <u>Findings:</u> The proposed Planned Development is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The Planned Development is located within an established neighborhood and is currently served by municipal utilities and agencies.

F. <u>Findings:</u> The potential public benefits of the proposed Planned Development outweighs the potential adverse impacts of the proposed Planned Development after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

Although the scale of the building is larger than a traditional single family residence, it is being designed to match the nearby residences as much as possible. The reduced setbacks will also allow it to blend in more instead of having a building placed on a property significantly different than surrounding properties.

The increased lot coverage and reduced throat lengths will allow for the parking lot to be increased. The lack of parking for the funeral home and nearby library has forced large numbers of vehicles to park on the residential street (whenever there is a service held).

The planning staff does not anticipate any negative impacts due to the development.

SUMMARY OF FINDINGS:

Planning staff does not anticipate the planned development impeding future development. Institutional land uses, especially indoor institutional minor, are land uses that are typically located in residential neighborhoods or adjacent to residential areas. The special use is not for an additional non-residential land use to locate in the neighborhood. The funeral home has been there since 1937 and is a part of the neighborhood. In addition to the funeral home, the Ida Public Library and the downtown area are within two blocks. The funeral home is located in the block of West Hurlbut Avenue where the neighborhood begins to transition from residential to central business.

The planned development is to allow a building that will be utilized for the funeral home's office/administration and preparation work. There will be an attached garage and detached garage to house employee vehicles and business vehicles. Instead of demolishing the current funeral home in order to construct a much larger building that would house everything together, the applicants are requesting to build a second building, at a smaller scale, in order to accommodate the growing needs of the community. The building will be designed to have similar roof pitches and building materials as the nearby residences within the historic district. The setbacks will remain greater than what is required in the adjacent SR-6 District but still compatible with nearby established setbacks.

The increased lot coverage and reduced throat lengths will allow for 39 parking spaces, a significant increase from what currently exists. The property does not currently meet the 50% lot coverage requirement; the actual increase to impervious surface area is anticipated to be

8%. The reconfigured parking area will be accessible from Lincoln Avenue, a road that is better equipped to handle the current traffic levels of the funeral home. However, due to Lincoln Avenue being more traveled than West Hurlbut Avenue, the planning staff does not recommend reducing the throat length to five feet. Planning staff recommends that two parking spaces be removed, reducing the throat length to 15 feet. This will still allow for increased parking spaces while providing more room to maneuver vehicles.

RECOMMENDATION:

Planning staff recommends the **approval** of case number **2017-13** subject to the following conditions:

- 1. The Planned Development shall be developed in substantial conformance with the site plan and elevations submitted with the application (February 16, 2017) unless otherwise noted.
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, police, fire, planning, etc.) prior to the issuance of building permits.
- 3. The seven properties shall be replatted into one lot.
- 4. Detention for any increase in storm water runoff from the existing condition to the fully improved conditions will need to be provided.
- 5. Storm water runoff from the new parking areas shall be captured in storm drains on the property and discharged into the city storm sewer system.
- 6. Driveways shall be constructed in accordance with city standards.
- 7. The Planned Development is granting only the following flexible standards: Primary building setback 10 feet from south property line and accessory building setback six feet from west property line (Section 150.204(C)(3)(A)(3); a reduction of the required throat length to 15 feet (Table 150.704(G)(6) and a reduction of the required Landscape Surface Ratio to 35% (Section 150(D)(1)(G)(1)(B)

Submitted by:

Gina DelRose.

PLANNING AND ZONING COMMISSION/CITY COUNCIL ACTION

The Planning and Zoning Commission shall make and forward findings of fact as to the compliance of the proposed planned development with the standards and make a recommendation to the City Council. The City Council shall review the findings and recommendation and may accept or reject the findings and recommendation of the Planning and Zoning Commission in whole or in part; or the City Council may refer the matter back to the Planning and Zoning Commission for further consideration. Any approval shall be considered the approval of a unique request and not be construed as precedent for any other proposed planned development.

CITY OF BELVIDERE COMMUNITY DEVELOPMENT DEPARTMENT

APPLICATION FOR SPECIAL USE

Applicant: Stephen G. Anderson, individually and as Manager for Proverbs 3:5-6 LLC Property: 220 W. Hurlbut Ave., Belvidere, IL; 218 W. Hurlbut Ave., Belvidere, IL 215 W. Lincoln Ave., Belvidere, IL; 216 Kishwaukee St., Belvidere, IL; and 212 Kishwaukee St., Belvidere, IL

ATTACHMENT 3

NARRATIVE OF SPECIAL USE REQUEST

The Applicant seeks a Special Use Permit to operate a funeral home, ancillary parking for employees, patrons, and guests, and a garage for parking of business vehicles on the above properties in accordance with the Site Plan attached hereto.

Steve and Diann Anderson are the principals of Anderson Funeral & Cremation Services LLC. and own 220 and 218 W. Hurlbut Avenue and are the principals of Proverbs 3:5-6 LLC which owns 215 W. Lincoln Avenue, 212 Kishwaukee Street and 216 Kishwaukee Street.

Steve and Diann Anderson through Anderson Funeral & Cremation Services LLC. currently operates Anderson Funeral & Cremation Services located at 218 W. Hurlbut Avenue. The Applicant plans to redevelop the residential parcels and its existing funeral home parcels by constructing an office administration and preparation building, a garage building and expanded parking as depicted on the Site Plan. A funeral home operation has existed at its current location at 218 W. Hurlbut Avenue since 1937. The Applicant has determined that the existing funeral home building does not have sufficient space and a separate building is necessary to handle office administration and preparation requirements. The moving of those space needs to a new building will allow space in the existing funeral home building to reconfigure the area to better meet the needs of the community. In order to construct a building to address current needs, a larger parcel than the current funeral home parcel is needed for development.

The Applicant seeks to stay at its current location in central Belvidere rather than move outside Belvidere where larger parcels are available. In order to have enough land in which to construct a new office administration and preparation building, a new garage building and expanded parking, the Applicant has acquired the adjacent residential parcels at 220 W. Hurlbut Avenue, 215 W. Lincoln Avenue, 212 Kishwaukee Street, and 216 Kishwaukee Street.

The Applicant is designing the new office administration and preparation building so that architecturally it will fit into the neighborhood and will greatly increase the efficiency and the

utilization of the funeral home operations and the property. The proposed office administration and preparation building will have square footage of approximately 7,200 square feet which includes an attached garage of approximately 2,200 square feet. The proposed separate accessory garage for business vehicles will be approximately 2,250 square feet.

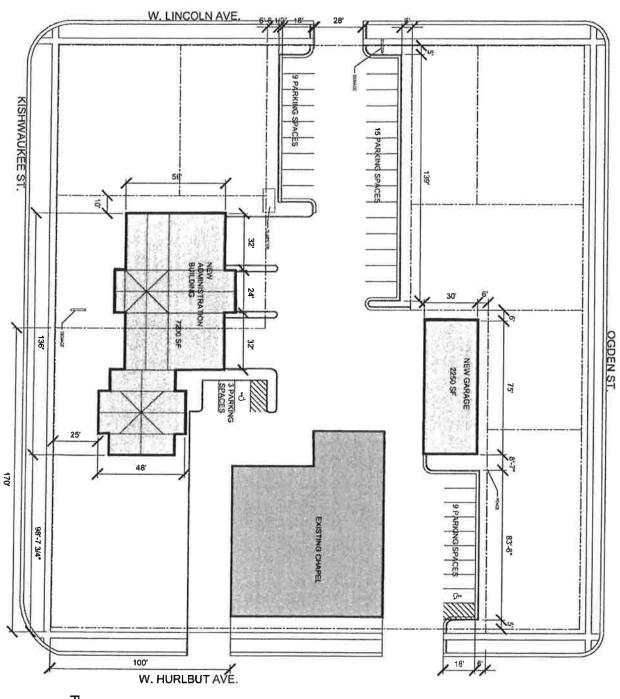

The funeral home business is currently operating at that location so there will be no increase in traffic than is existing now. The proposed development includes the construction of off street parking as no dedicated off street parking currently exists for guests. As a result, it is anticipated that the new development will alleviate the number of guests required to park on the nearby streets when funeral services and visitations are held at the funeral home. The plans provide for a new parking lot at 215 W. Lincoln Avenue. In addition to the additional off street parking that this will provide, it also allows for ingress and egress from Lincoln Avenue which is already a mix of commercial and residential uses and is a busier street, conducive to periodic traffic created for funeral services. This Lincoln Avenue access point will also help reduce the traffic on Hurlbut Avenue, which is currently the sole access to the funeral home property.

In connection with the proposed development illustrated on the Site Plan, the Applicant seeks the following variations for the development:

- 1. Variation of building setback in Institutional District from residentially zoned property from 50' to 10' (south side of proposed building). The applicant desires to maintain the existing garden area located on the northeast corner of the property. The garden provides a peaceful and beautiful natural environment for guests and the entire neighborhood. In order to maintain the garden the proposed administration building needs to be moved further to the south. In order to fit the new building south of the garden area the setback reduction is necessary. The closest buildings on the adjacent properties are garages. A garage formerly was located in this setback area before the applicant demolished the house and garage at that location.
- 2. Variation of building setback in Institutional District from residentially zoned property from 50' to 6' (west and south sides of proposed garage). The variation is needed so that the garage will not obstruct the internal parking lot and access ways for vehicles. The proposed garage will back up to garages on the adjacent properties.
- 3. Variation of front of building setback for proposed building along Kishwaukee Street to 25' so it is consistent with the average front setback of existing residences along Kishwaukee Street.
- 4. Variation of lot coverage ratio from 50% to 65%.

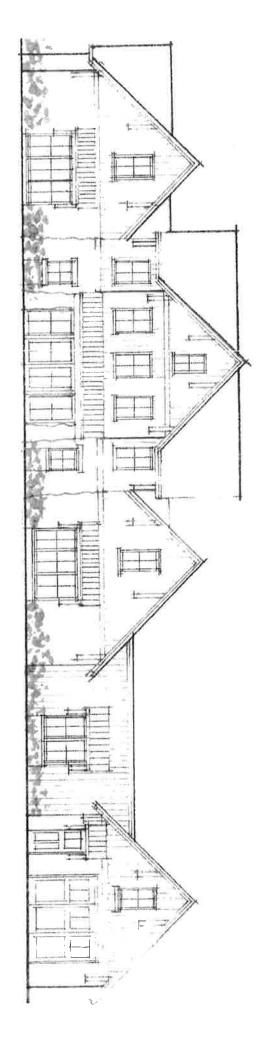

6. Variation to reduce the required driveway throat length from 25 feet to 5 feet along W. Lincoln Avenue and W. Hurlbut Avenue. This will permit 3 additional off street parking spaces on the property and should not affect cars pulling into the parking lot from W. Lincoln Avenue and W. Hurlbut Avenue.

The Applicant intends to install sight obscuring fencing on the perimeter of the parking areas adjacent to the residential zoned properties.

ORDINANCE # 341H

AN ORDINANCE AMENDING CHAPTER 150, ZONING ORDINANCE, OF THE MUNICIPAL CODE (Definitions, Curbing, Maximum Fence Height and Signage)

WHEREAS, the City of Belvidere has adopted Chapter 150 (Zoning Ordinance) of the Belvidere Municipal Code pursuant to the Illinois Compiled Statutes to establish and set forth regulations pertaining to the use and development of land, buildings and structures in the City; and,

WHEREAS, it is necessary and desirable to periodically amend the Zoning Ordinance in response to changes in technology, business and development practices, community standards and to improve administration and enforcement procedures; and,

WHEREAS, after due notice, the Planning and Zoning Commission held a public hearing to consider an amendment of the Zoning Ordinance on March 14, 2017 and has transmitted its recommendation on the matter to the City Council; and,

WHEREAS, the City Council has considered the Planning and Zoning Commission's recommendation.

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BELVIDERE, BOONE COUNTY, ILLINOIS, AS FOLLOWS:

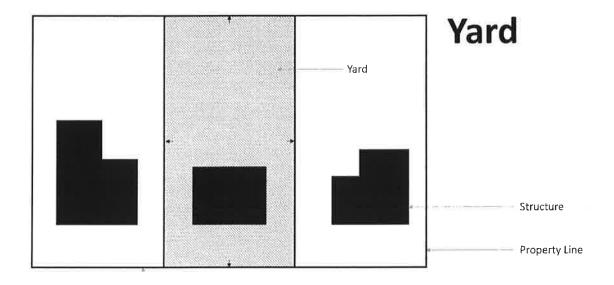

Section 1. That Section 150.013 Definitions, be and is hereby amended, to read as follows:

§150.013. – Definitions.

Passenger Vehicle Parking Lots: Off-street parking areas that are designed and maintained for the use of employee, commercial, or public parking of passenger vehicles. This classification applies to off-street parking lots in all zoning districts.

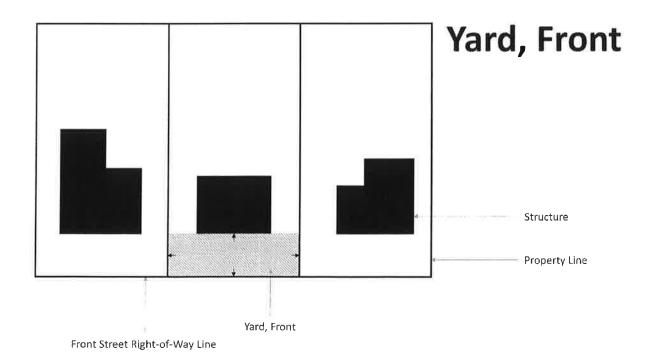

Truck Parking Lots: Off-street parking areas that are designed and maintained for the use of any trailer or semi-trailer or vehicle with a trailer or semi-trailer attached. This classification only applies to off-street parking lots in the PI, GI, HI, and I zoning districts.

Yard: A required open space on a lot, which is unoccupied and unobstructed by a structure from its lowest ground level to the sky, except as expressly permitted in this Chapter. A yard shall extend along a lot line, public or private street, whichever is more restrictive, and at right angles to such lot line, public or private street, to a depth or width specified in the yard regulations for the district in which such lot is located.

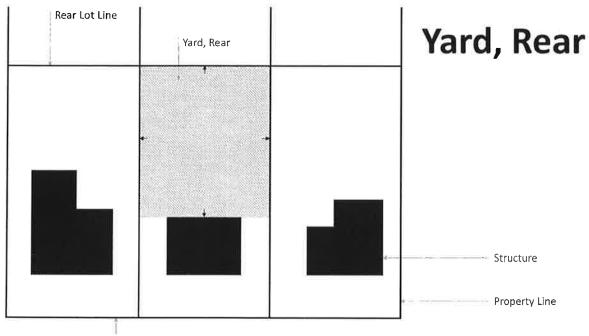

Front Street Right-of-Way Line

Yard, front: A yard extending along the full width of the front lot line extending from the abutting front street right-of-way line to a depth required in the yard regulations for the district in which such lot is located.

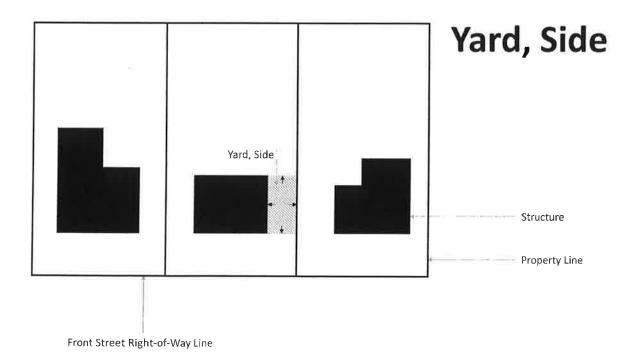

Yard, rear: A yard extending along the full width of the rear lot line extending toward the front lot line for a depth as specified in the yard regulations for the district in which such lot is located.

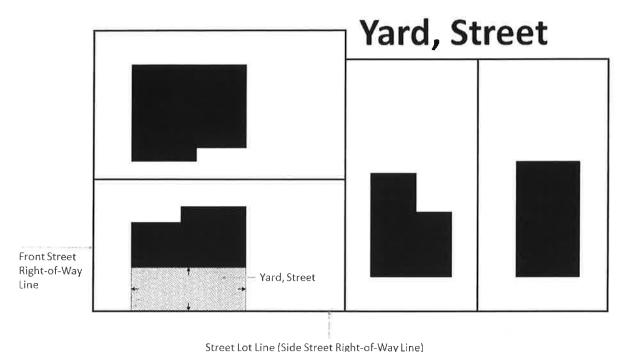

Front Street Right-of-Way Line

Yard, required: The open space area between a lot line and the buildable area in which no structure shall be located except as may otherwise be provided by this Chapter.

Yard, side: A yard extending along the side lot line between the front and rear yards, having a width as specified in the yard regulations for the district in which such lot is located.

Yard, street: A yard extending along the side lot line between the front and rear yards, abutting a street right of way having a width as specified in the yard regulations for the district in which such lot is located. A street yard is an additional front yard for corner lots.

Section 2. That Section 150.704 Off-Street Parking and Traffic Circulation Design Standards (F)(2) Curbing, be and is hereby amended, to read as follows:

§150.704. - Off-Street Parking and Traffic Circulation Design Standards.

- (F) Off-street parking and traffic circulation design standards.
 - (2) Curbing. Passenger Vehicle Parking Lots, including drive aisles and driveways, shall provide a 6 inch curb and gutter of adequate height as approved by the City Engineer or Director of Public Works and which is properly located to ensure that no part of any vehicle will project beyond the required setbacks of this Chapter. The City Engineer or Director of Public Works does not possess the authority to waive the required curbing. Truck Parking Lots do not require curb and gutter to be present.

Section 3. That Section 150.1003 Definitions (Directional Sign), be and is hereby amended, to read as follows:

§150.1003. - Definitions

Directional sign (on site): Signs of three square feet or less, that do not exceed five feet in height, and are intended to facilitate the movement of vehicles and pedestrians on private property. A directional sign marking a vehicular entrance or exit may include a commercial message or logo of one square foot or less pertaining to an establishment located on the site, but is limited in number to one per entrance and one per exit. A "drive thru" sign of three square feet or less placed adjacent to or directly over the drive through lane shall be treated as a directional sign; otherwise, the sign will count as a freestanding or building sign, whichever is applicable.

Section 4. That Section 150.1006 Signs Prohibited Under This Section, be and is hereby amended, to read as follows:

§150.1006. - Signs Prohibited Under This Section.

- (A) Obstructing signs. Signs which obstruct the vision of drivers or pedestrians or detract from the visibility of any traffic control device.
- (B) Beacons.
- (C) Pennants. Except under §150.1011.
- (D) *Lights*. Strings of lights not permanently mounted to a rigid background, except holiday lights as specified in §150.1003.
- (E) *Vehicle signs*. Signs attached to or painted on vehicles visible from the public right-of-way unless vehicle is used for normal day-to-day transportation operations of the business.
- (F) *Inflatable signs*. Inflatable signs and tethered balloons, except when used as temporary sign as regulated in §150.1011.
- (G) *Portable signs.* Other portable signs, except when used as a temporary sign as regulated in §150.1011.
- (H) Right-of-way signs. Signs attached to trees, poles, or fences within the public right-of-way.

Section 5. That Section 150.1007 Signs Allowed on Private Property By District--Tables 150.1007(A)1; 150.1007(B)1, 150.1007(C)1 and Figure 150.1007(C)(1)a, be and are hereby amended, to read as follows:

ADVISORY REPORT

CASE NO: 2017-14

APPLICANT: City of Belvidere

REQUEST:

The City of Belvidere is proposing amendments to the Zoning Ordinance, adopted March 6, 2006 and amended thereafter. The proposed amendments pertain to Section 150.013, 150.704(F)(2), 150.712(C)(3), 150.1003, 150.1007(A)(1), 150.1007(B)(1), 150.1007(C)(1), 150.1007(C)(1), 150.1009(A)(B)(C)(D), 150.1006(C)(F)(G), 150.1010, 150.1011, 150.1012, 150.1013, 150.1014, 150.1015, 150.1016, 150.1017, and 150.1018. The proposed language is below.

The methods used to show changes are:

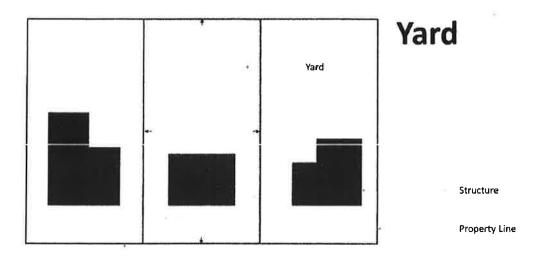

§150.013. - Definitions.

Passenger Vehicle Parking Lots: Off-street parking areas that are designed and maintained for the use of employee, commercial, or public parking of passenger vehicles. This classification applies to off-street parking lots in all zoning districts.

Truck Parking Lots: Off-street parking areas that are designed and maintained for the use of any trailer or semi-trailer or vehicle with a trailer or semi-trailer attached. This classification only applies to off-street parking lots in the PI, GI, HI, and I zoning districts.

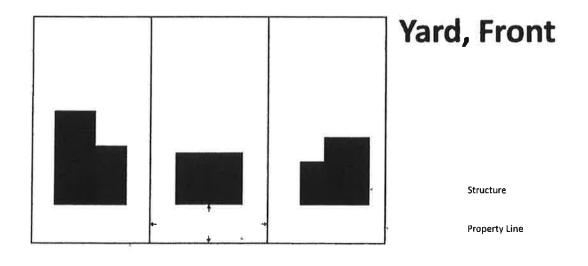

(All pictures below are new)

Yard: A required open space on a lot, which is unoccupied and unobstructed by a structure from its lowest ground level to the sky, except as expressly permitted in this Chapter. A yard shall extend along a lot line, public or private street, whichever is more restrictive, and at right angles to such lot line, public or private street, to a depth or width specified in the yard regulations for the district in which such lot is located.

Front Street Right-of-Way Line

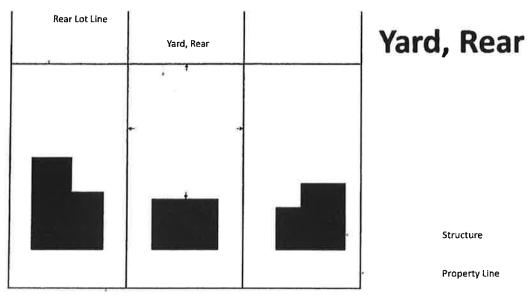

Yard, front: A yard extending along the full width of the front lot line extending from the abutting front street right-of-way line to a depth required in the yard regulations for the district in which such lot is located.

Yard, Front

Front Street Right-of-Way Line

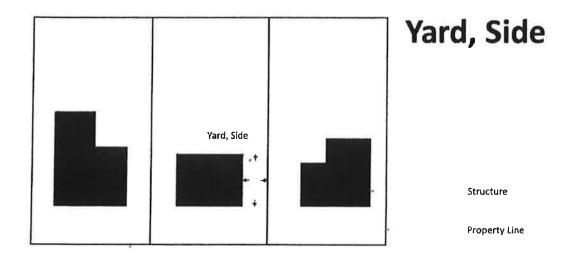

Yard, rear: A yard extending along the full width of the rear lot line extending toward the front lot line for a depth as specified in the yard regulations for the district in which such lot is located.

Front Street Right-of-Way Line

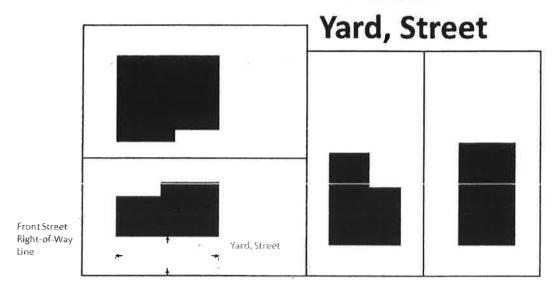

Yard, required: The open space area between a lot line and the buildable area in which no structure shall be located except as may otherwise be provided by this Chapter.

Yard, side: A yard extending along the side lot line between the front and rear yards, having a width as specified in the yard regulations for the district in which such lot is located.

Front Street Right-of-Way Line

Yard, street: A yard extending along the side lot line between the front and rear yards, abutting a street right of way having a width as specified in the yard regulations for the district in which such lot is located. A street yard is an additional front yard for corner lots.

Street Lot line (Side Street Right-of-Way Line)

§150.704. - Off-Street Parking and Traffic Circulation Design Standards.

(F) Off-street parking and traffic circulation design standards.

(2) Curbing. All off-street parking areas designed to head-in parking Passenger Vehicle Parking Lots, including drive aisles and driveways, shall provide a 6 inch curb and gutter of adequate height as approved by the City Engineer or Director of Public Works and which is properly located to ensure that no part of any vehicle will project beyond the required setbacks of this Chapter. The City Engineer or Director of Public Works does not possess the authority to waive the required curbing. Truck Parking Lots do not require curb and gutter to be present.

§150.712. - Fencing Standards.

(C)Standards.

(3) Maximum height. Fences shall not exceed 4 feet in height except on corner lots where the height shall not exceed 3 1/2 feet within 30 feet of the intersection of the nearest right-of-way lines and intersection of nearest driveway/curb cut and right-of-way line (except alleyways). An exception is allowed for chain link or wrought iron type fencing which may be 4 feet in height up to any intersection, provided that the chain link is kept free of all vegetation or any other sight restrictions.

§150.1003. - Definitions

Directional sign (on site): Signs of three square feet or less, that do not exceed five feet in height, and are intended to facilitate the movement of vehicles and pedestrians on private property. A directional sign marking a vehicular entrance or exit may include a commercial message or logo of one square foot or less pertaining to an establishment located on the site, but is limited in number to one per entrance and one per exit. A "drive thru" sign of three square feet or less placed adjacent to or directly over the drive through lane shall be treated as a directional sign; otherwise, the sign will count as a freestanding or building sign, whichever is applicable.

§150.1006. - Signs Prohibited Under This Section.

- (A) Obstructing signs. Signs which obstruct the vision of drivers or pedestrians or detract from the visibility of any traffic control device.
- (B) Beacons.
- (C) Pennants. Except under §150.101011.
- (D) *Lights*. Strings of lights not permanently mounted to a rigid background, except holiday lights as specified in §150.1003.
- (E) Vehicle signs. Signs attached to or painted on vehicles visible from the public right-ofway unless vehicle is used for normal day-to-day transportation operations of the business.
- (F) *Inflatable signs*. Inflatable signs and tethered balloons, except when used as temporary sign as regulated in §150.104011.
- (G) *Portable signs*. Other portable signs, except when used as a temporary sign as regulated in §150.104011.
- (H) Right-of-way signs. Signs attached to trees, poles, or fences within the public right-ofway.

§150.1007. - Signs Allowed On Private Property By District.

§150.1009. - Animated Signage.

Animated signs as defined in Section 150.1003 shall adhere to the following restrictions:

- (A) Messages displayed within the animated portion of the sign shall be static for a minimum of five seconds.
- (B) Graphics and images shall be static, no flashing or animation is allowed. There shall be an instantaneous change of display for all graphics/images/messages.
- (C) Illumination levels from the sign shall not exceed 0.5 foot-candles at the property line.

§150.100910. - Off-site advertising signs.

§150.101011. - Temporary signs.

§150.104412. - Community Information signs.

§150.101213. - Illumination.

§150.101314. - Nonconforming signs.

§150.101415. - Special districts.

§150.104516. - Subdivision or development identification signs.

§150.104617. - Permit requirements.

§150.104718. - Enforcement.

BACKGROUND AND SUMMARY OF FINDINGS:

Section 150.013 lists all definitions for the overall Zoning Code. Passenger Vehicle Parking Lots and Truck Parking Lots were not separately defined in the 2006 version of the Zoning Ordinance because both fell within the On-Site Parking Lot definition. Staff defined them separately to further clarify additions to the text within Section 150.704(F)(2).

Section 150.704(F) details Off-Street Parking and Traffic Circulation Design Standards and (2) Curbing. In order to further clarify the text and design standards, Staff separated out standards for passenger vehicle parking lots and truck parking lots. The separation was written to keep all of the outlined requirements the same for passenger vehicle parking lots, but remove the requirement for truck parking lots to have curb and gutter present. Many of the existing industrial sites are developed without curb and gutter.

Additional changes to Section 150.013 are to the definitions of "Yard", "Yard, Front", "Yard, Rear", "Yard, Side", and the addition of "Yard, Street". No changes are taking place to the text portion of the definition for "Yard", "Yard, Front", "Yard, Rear", and "Yard, Side". However, "Yard, Street" is being added to further provide clarification for corner lots, as referenced in Table 150.405(C). All of these definitions now include graphics in order to provide easier interpretation. Several other definitions in this section already have graphics included within them and Staff saw a need to do the same with the yard definitions.

Section 150.712(C) Fencing Standards (3) Maximum Height outlines the requirements for fence heights based on type and placement in relation to intersections. The Community Development Department was not satisfied with this definition. It was recommended that language be added related to right-of-way lines and driveways/curb cuts in order to prevent vision triangle obstructions due to fences and provide further clarity overall.

Section 150.1003 lists all of the definitions related to signage. Within the definition for "Directional sign (on site)", there were only previously specifications for the maximum number of square feet the sign could be. Staff did not find this definition satisfactory, so a maximum height requirement was added to further clarify and define a "Directional sign (on site)".

Section 150.1007 displays tables that outline allowed signage on private property by district. There are three tables and one figure within the section, all are being edited to create easier to interpret tables/figures and establish greater consistency within the overall Zoning Code.

• Table 150.1007(A)1 displays Freestanding Signs based on Zoning Classification and design dimensions. The proposed revisions to the table include reordering and renaming the Zoning Districts to match Section 150.102 Standard Zoning District Categories, adding the Rural Holding District as a Zoning District Category, and lowering the height for freestanding signs to 10' in the Central Business District. Changes to the Central Business District signage are to help facilitate heights that match the context of the surrounding neighborhood. Presently, the majority of Central Business District zoned properties are within the Downtown Overlay District which already limits signage to 10'.

- Table 150.1007(B)1 displays Building Signs based on Zoning Classification and design dimensions. The proposed revisions to the table include reordering and renaming the Zoning Districts to match Section 150.102 Standard Zoning District Categories and adding the Rural Holding District as a Zoning District Category.
- Table 150.1007(C)1 displays Permitted Building and Freestanding Sign By Type and Zoning District. The proposed revisions to the table include reordering and renaming the Zoning Districts to match Section 150.102 Standard Zoning District Categories, adding the Rural Holding District as a Zoning District Category, permitting animated signage in the PB, GB, CB, PI, GI, HI, I, PM 1, PM 2, PM 4, CC, and TC Zoning Districts, and adding freestanding signage to the table. These changes are being proposed to establish more clarified requirements for freestanding signage and address the demand for more animated signage.
- Figure 150.1007(C)(1)a displays the Maximum Heights by Zoning Type. The proposed revisions to the table include reordering and renaming the Zoning Districts to match Section 150.102 Standard Zoning District Categories and adding the Rural Holding District as a Zoning District Category.

A new section for Animated Signs is proposed within the Zoning Code. Currently, Section 150.1009 details Off-Site Advertising Signs. The new Animated Sign section would replace it and all of the sections that follow Section 150.1009 will be moved down one section number.

- Off-site advertising signs becomes Section 150.1010
- Temporary signs becomes Section 150.1011
- Community information signs becomes Section 150.1012
- Illumination becomes Section 150.1013
- Nonconforming signs becomes Section 150.1014
- Special districts becomes Section 150.1015
- Subdivision or development identification signs becomes Section 150.1016
- Permit requirements becomes 150.1017
- Enforcement becomes 150.1018

The new Section 150.1009 Animated Signs outlines the permitted Zoning Districts for placement of the signs and associated requirements. The requirements are to limit changing displays to a minimum of every five seconds, all graphics/images must be static in nature, and illumination levels cannot exceed 0.5 footcandles. Due to the increasing popularity of animated signage in recent years, Staff saw a need to create a separate section dedicated to Animated Signage. The requirements outlined within the section are based on conditions placed on previously approved special uses for animated signage.

Section 150.1006 outlines the Signs Prohibited Under This Section (Sign Code). There are no language changes to this section, only reference number edits due to the shifting that was required when Section 150.1009 Animated Signs was added and the previously mentioned sections were renumbered.

Based upon this information, planning staff recommends approval of case 2017-14.

ORDINANCE #342H

AN ORDINANCE GRANTING A SPECIAL USE FOR A PLANNED DEVELOPMENT WITHIN THE CB, CENTRAL BUSINESS DISTRICT (For Iron and Coal at 300 South Main Street and 320 Whitney Boulevard)

WHEREAS, the City of Belvidere has adopted Chapter 150, Zoning Ordinance in

accordance with the provisions of Illinois Compiled Statutes to regulate the use of land and specify the minimum requirements for improvements on land in the City of

Belvidere; and

WHEREAS, special uses are certain municipal or private uses that due to their physical or operational characteristics may pose a threat to the value, to the use and to the enjoyment of adjoining property, are reviewed on a case by case basis and are permitted only by permission of the Belvidere City Council; and,

WHEREAS, the applicant and owner, Russell Caldwell, 8642 US Highway 20, Garden Prairie, IL 61038 has petitioned the City for a special use for a planned development to construct a restaurant and bar with outdoor seating and a drive through in addition to a banquet facility and animated signage; and,

WHEREAS, after due notice by publication pursuant to the Illinois State Statutes, the City of Belvidere Planning and Zoning Commission held a public hearing on March 14, 2017 concerning the proposed special use; and,

WHEREAS, the City of Belvidere Planning and Zoning Commission having examined the application and having considered the evidence, both oral and documentary and being fully advised about the premises did make findings of fact and a recommendation; and,

WHEREAS, the corporate authorities of the City considered the findings of fact and concur with the recommendation of the Planning and Zoning Commission.

NOW THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF BELVIDERE, BOONE COUNTY, ILLINOIS, AS FOLLOWS:

Section 1. The foregoing recitals are incorporated herein by this reference.

Section 2. That a special use for a planned development allowing indoor commercial entertainment, outdoor commercial entertainment and in-vehicles sales and services in addition to variances to increase the allowable square-footage of a sign, reducing the required bufferyard between outdoor commercial entertainment and residential properties and increasing the allowable fence height in addition to allowing three animated signs on the property shown in Attachment A and legally described as:

Lots One (1), Two (2), Three (3), Four (4), Five (5), Twelve (12) and Thirteen (13) in Block Eight (8) as designated upon the plat of Gilman's Addition to the Town, now City of Belvidere, as platted and recorded in the Recorder's Office of Boone County, State of Illinois; situated in the

County of Boone and the State of Illinois. (PINs: 05-25-355-004 and 05-25-355-003)

is hereby approved, subject to the following conditions:

- 1. The Planned Development shall be developed in substantial conformance with the site plan submitted March 4, 2017 unless otherwise noted Attachment B).
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, police, fire, planning, etc.) prior to the issuance of building permits.
- 3. The Planned Development is granting only the following flexible standards:

Special Uses for: Indoor commercial entertainment (Section 150.105(C)(6)(B)(2)), Outdoor Commercial Entertainment (Section 150.105(C)(6)(B)(2)), In-vehicle sales and services (Section 150.105(C)(6)(B)(2)), and Animated signage in the Central Business District (Section 150.1007(C)(1)).

Variances for: An increase of 52 square feet for building signage (Section 150.1007(C)(1), a decrease in the buffer required between residential and outdoor commercial entertainment properties from 300' to 100' (Section 150.204(D)(10)(A)(1)), and an increase in the maximum fence height from 7' to 9' above grade (Section 150.712(C)(3)(B)).

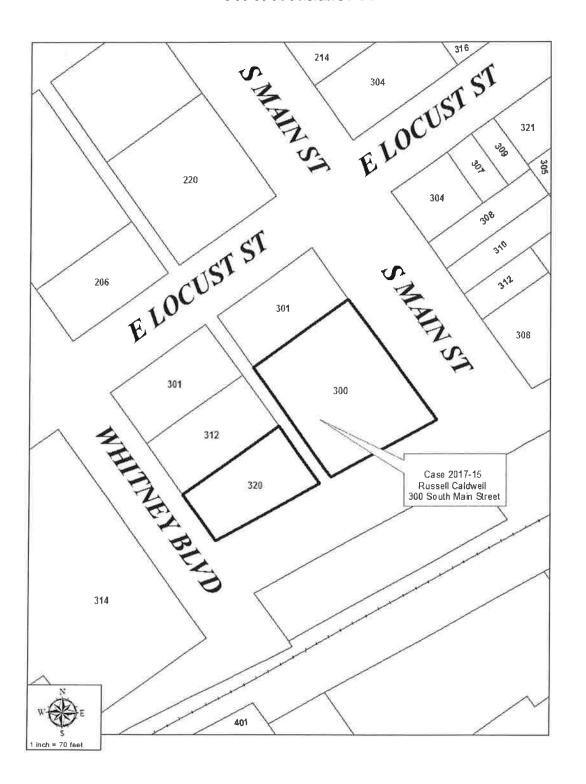

- 4. The proposed wood doors shall open inward instead of out in the public right-of-way, per the Department of Public Works request.
- **Section 3.** That the premises shall be used in accordance with and subject to the applicable provisions of the Zoning Ordinance of the City of Belvidere and shall not be used except as may otherwise be expressly authorized by the applicable law and the special use.
- **Section 4.** That acceptance of any of the benefits of this Special Use shall be deemed acceptance of all the terms and conditions set forth herein.
- **Section 5**. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.
- **Section 6**. If any section, paragraph, subdivision, clause, sentence or provision of this Ordinance shall be adjudged by any Court of competent jurisdiction to be invalid, such judgment shall not affect, impair, invalidate or nullify the remainder thereof, which remainder shall remain and continue in full force and effect.

Section 7.	This ordinance	shall be in	full force and	effect from	and afte	r its passage
and publication	on in pamphlet f	orm as prov	ided by law.			

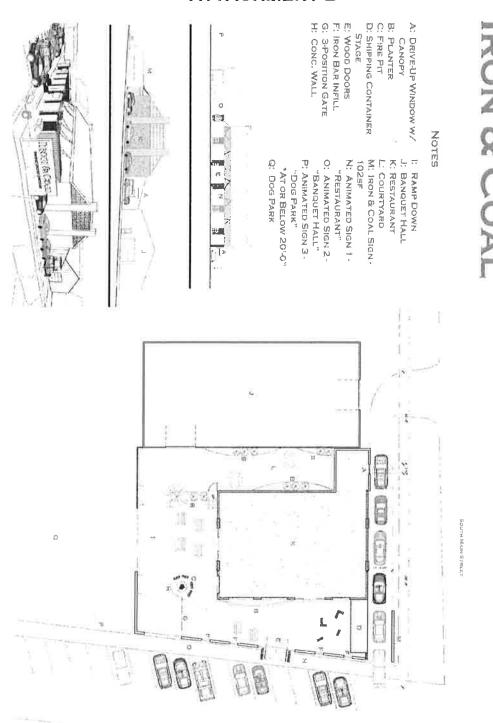

PASSED by the City Council of the City of Belvidere this	s day of _	, 2017.
APPROVED by the Mayor of the City of Belvidere this _	day of	, 2017.

MEMO

DATE:

March 15, 2017

TO:

Mayor and Members of the City Council

FROM:

City of Belvidere Planning and Zoning Commission

SUBJECT:

Recommendation—Case: 2017-15; Caldwell (SU)

REQUEST AND LOCATION:

Russell Caldwell, 8642 US Highway 20, Garden Prairie, IL 61038, is requesting a special use to permit a planned development in the CB. Central Business District at 300 South Main Street and 320 Whitney Boulevard. The planned development will allow for the construction of a banquet facility and restaurant with outdoor seating. Special uses of the planned development are the banquet facility and video gaming aspect of the restaurant which are considered indoor commercial entertainment, the outdoor seating area which will feature live entertainment is considered outdoor commercial entertainment and the restaurant's drive-through lane located along South Main Street is considered in-vehicle sales and services. Variances of the planned development include increasing the allowable square-footage of a sign from 50 square feet to 102 square feet, reducing the required buffer between outdoor commercial entertainment and residential properties from 300' to 100', and increasing the allowable fence height from 7' to 9' above grade. The planned development will also allow three animated signs to be located on the property. Belvidere Zoning Ordinance Sections 150.105(C)(6)(B)(2) Permitted as Special Use, Table 150.1007(B)(1) and Table 150.1007(C)(1) Signs Allowed on Private Property By District, 150.204(D)(10) Outdoor Commercial Entertainment (A)(1) Regulations, 150.712 (C) Fencing Standards (3)(B) Maximum Height and 150.904 Special Use Review and Approval Procedures.

RECOMMENDATION:

The planning and zoning commission recommended the **approval** of case number **2017-15** for a planned development at 300 South Main Street and 320 Whitney Boulevard subject to the following conditions:

- 1. The Planned Development shall be developed in substantial conformance with the site plan submitted March 4, 2017 unless otherwise noted.
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, police, fire, planning, etc.) prior to the issuance of building permits.
- 3. The Planned Development is granting only the following flexible standards:

Special Uses for: Indoor commercial entertainment (Section 150.105(C)(6)(B)(2)), Outdoor Commercial Entertainment (Section 150.105(C)(6)(B)(2)), In-vehicle sales and services (Section 150.105(C)(6)(B)(2)), and Animated signage in the Central Business District (Section 150.1007(C)(1)).

Variances for: An increase of 52 square feet for building signage (Section 150.1007(C)(1), a decrease in the buffer required between residential and outdoor commercial entertainment properties from 300' to 100' (Section 150.204(D)(10)(A)(1)),

and an increase in the maximum fence height from 7' to 9' above grade (Section 150.712(C)(3)(B)).

4. The proposed wood doors shall open inward instead of out in the public right-of-way, per the Department of Public Works request.

Motion to approve case 2017-15; Caldwell (SU) carried with a (5-0) roll call vote.

ADVISORY REPORT

CASE NO: 2017-15 APPLICANT: Caldwell, 300 South Main St. and 320 Whitney Boulevard

REQUEST AND LOCATION:

Please find the attached information regarding the application of property owner, Russell Caldwell, 8642 US Highway 20, Garden Prairie, IL 61038, for a special use to permit a planned development in the CB, Central Business District at 300 South Main Street and 320 Whitney Boulevard. The planned development will allow for the construction of a banquet facility and restaurant with outdoor seating. Special uses of the planned development are the banquet facility and video gaming aspect of the restaurant which are considered indoor commercial entertainment, the outdoor seating area which will feature live entertainment is considered outdoor commercial entertainment and the restaurant's drive-through lane located along South Main Street is considered in-vehicle sales and services. Variances of the planned development include increasing the allowable square-footage of a sign from 50 square feet to 102 square feet, reducing the required buffer between outdoor commercial entertainment and residential properties from 300' to 100', and increasing the allowable fence height from 7' to 9' above grade. The planned development will also allow three animated signs to be located on the property. Belvidere Zoning Ordinance Sections 150.105(C)(6)(B)(2) Permitted as Special Use, Table 150.1007(B)(1) and Table 150.1007(C)(1) Signs Allowed on Private Property By District, 150.204(D)(10) Outdoor Commercial Entertainment (A)(1) Regulations, 150.712 (C) Fencing Standards (3)(B) Maximum Height and 150.904 Special Use Review and Approval Procedures.

EXISTING LAND USE ON SUBJECT PROPERTY AND ADJACENT PROPERTY:

Subject property: Salvage Yard

Adjacent property: North: Residential

South: Municipal Owned Parking Lot

West: ComEd Substation, Residential, and the Dog Park

East: Residential

CURRENT ZONING ON SUBJECT PROPERTY AND ADJACENT PROPERTY:

Subject property: CB, Central Business District

Adjacent property:

North, South, and West: CB, Central Business District

East: SR-6, Single-family residential-6 District

COMPREHENSIVE PLAN ON SUBJECT PROPERTY AND ADJACENT PROPERTY:

Subject property: Central Mixed Use

Adjacent property:

North, South, and West: Central Mixed Use

East: Single Family Residential

BACKGROUND:

The subject properties are located at 300 South Main Street and 320 Whitney Blvd. They combine to be 0.59 acres in size. 300 South Main Street currently sits as a salvage yard within a mixed-use neighborhood. The applicant, Russell Caldwell, owns the All Paws Pet Wash and Dog Park to the west (320 Whitney Blvd.) and has purchased the 300 South Main Street property. He is proposing the construction of a banquet facility and restaurant with outdoor seating.

The applicant is requesting a Planned Development with multiple Special Uses and Variances:

Requesting Special Use Permits for:

Indoor Commercial Entertainment:

Banquet facility and restaurant that serves liquor with video gaming

Outdoor Commercial Entertainment:

Outdoor seating area with live entertainment

In-Vehicle Sales and Services:

Drive-through lane (along South Main Street)

Animated Signage:

Proposing 3 total animated signs in the Central Business District

Requesting Variances for:

Outdoor Commercial Entertainment:

 Reducing the required buffer between outdoor commercial entertainment and residential properties from 300' to 100'

Signage:

- Increasing the allowable business wall signage from 50 square feet to 102 square feet Fencing:
 - Allowing fence height to exceed the 7' maximum and be 9' above grade (existing)

Currently, there is one existing 5,000 square foot building on the northern side of the property. It is proposed to stay in its location, but be completely renovated on the interior to house a 160-200 seat banquet facility. The exterior of the building will be cleaned up, but stay intact for the most part, as to keep the old industrial feel of the property.

Directly next to the existing building is the proposed construction of a new 3,500 square foot building to house the new 90 seat restaurant/coffee shop. The exterior will be constructed of a mixture of masonry, glass, and stone standing 24' tall, matching the industrial feel of the entire development. Attached to the northern façade of the building is a 144' long drive-thru between one existing curb cut and the Municipal-owned parking lot along South Main Street. The drive-thru window is expected to have an awning that will not fall within 10' from the right-of-way, per Section 150.204 (8)(A)(7).

The main entrance to the restaurant will be along the southern façade facing the Municipalowned parking lot. Along the cement fence will be wooden doors allowing access to the development. Farther west along the fence, toward the southwestern corner of the property is an opening that will allow banquet visitors to enter the development. The back (western side) of the outdoor seating area will be on separate grades to allow for banquet traffic to be separated by a swinging door from restaurant seating, allowing greater flexibility for events. The elevated seating area will have a view of the Dog Park because of a temporary opening in the western side of the cement fence.

The remainder of the lot is to become paved outdoor seating with an estimated 40 seats, landscaping, shipping container stage, a fire pit, and courtyard (between the buildings). The 9' cement wall fence that currently lines the south and western property lines is proposed to stay. Along the fence are gaps that are currently filled in with corrugated steel. They will be replaced by iron bars to allow light to enter the outdoor seating area, but tie into the industrial atmosphere.

The restaurant and catering kitchen serving liquor and coffee within the new building does not require a special use, however the video gaming within it does. There will be a maximum of 5 video gaming machines, meeting the Illinois State Statue requirements. The restaurant will include a hometown, upscale feel that serves traditional American food, coffee, and even homemade ice cream. The proposed hours of operation for the entire property are from 5AM – 2AM. Coffee is expected to be served in the early hours of the day. The use transitions into a restaurant from lunch onward. The outdoor space will feature local music in the shipping container stage with some outdoor lighting. The applicant has agreed to submission of a final lighting plan that will meet all requirements of the Zoning Ordinance.

Noise levels will not be permitted to exceed the levels outlined in accordance with Section 150.709 of the Belvidere Zoning Code. Due to the shipping container stage that funnels noise away from the residential properties, the buildings acting as a noise buffer, and the 9' tall cement wall surrounding all of the outdoor seating area, staff believes that noise will not be an issue with this use. Additionally, because of the noise and visual buffering, the requirement in Section 150.204(D)(10) of a 300' buffer between outdoor commercial entertainment and residential land uses, is proposed to change to only 100'.

A landscaping plan is not required for lots zoned Central Business District. However, a storm water runoff plan will need to be provided to the Public Works Department prior to construction. With the addition of the added impervious surfaces, there is an expectation that plantings will be required in order to collect this new runoff. The proposed plan does include landscaping between the two buildings and in the rear of the new building.

In the Central Business District, parking is not required because of the availability of on-street parking and Municipal-owned lots. Directly to the south of the property is a Municipal-owed lot with 61 parking spaces, lighting, and access to both South Main Street and Whitney Blvd. The applicant and the City are currently in negotiations regarding potentially resurfacing it. Additionally, in the alley directly between the two properties will be the location of the dumpsters. The placement and screening of the dumpsters will be included in the negotiations between the applicant and the City.

As far as signage goes, there are also three animated signs being proposed, but all for separate elements of the planned development. One animated sign will serve the restaurant, the other the banquet facility, and the final one to highlight the Dog Park. Due to the variety of uses within the development, three animated signs will have custom messages tailed to each use. All will operate in accordance with all Zoning Ordinance requirements.

Additionally, a large 102 square foot business wall sign is proposed on the southeast corner of the property. Although it is much larger than the 50 square foot sign allowed in Section 150.1007(B)(1) (two square feet per linear foot of wall), it acts as the focal point sign for the entire development. It will be etched into the existing cement wall reading "Iron and Coal" and fit the context of the industrial feel to the development.

Overall, the development as it is presently shown may take a phased approach over time depending on the scope and financing available for the final plans.

TREND OF DEVELOPMENT:

The property is located within the Central Business District along South Main Street. This is one of the main corridors for traveling from one side of Belvidere to the other. No development has occurred in this location for many years; however there are similar restaurant uses in close proximity. This type of development may not have ever happened in this area before, but it could be a catalyst to future development like it along South Main Street and in the Central Business District.

COMPREHENSIVE PLAN:

The subject property is designated as "Central Mixed Use" by the City of Belvidere Comprehensive Plan. The Central Mixed Use category encourages pedestrian-orientated indoor commercial, office, institutional and residential uses with streetscaping and low-key signage.

FLEXIBLE DEVELOPMENT STANDARDS:

According to Section 150.907 (B)(1)(A) of the City of Belvidere Zoning Ordinance, new and alternative standards may be approved for a development by the city. The applicant is requesting the following standards specific to this project.

Zoning Ordinance:

Article I, Section 150.105(C)(6) Central Business District (B) Permitted as Special Use
 (2) Indoor commercial entertainment

The applicant would like to construct a restaurant serving liquor, coffee, and include video gaming. An existing building will be converted to banquet facility.

Article I, Section 150.105(C)(6) Central Business District (B) Permitted as Special Use
 (2) Outdoor commercial entertainment

The applicant would like to construct an outdoor entertainment and seating area adjacent to the restaurant. Live music and events are anticipated.

Article I, Section 150.105(C)(6) Central Business District (B) Permitted as Special Use
 (2) In-vehicle sales or service

The applicant would like to construct an attached drive-thru to the restaurant.

 Article I, Section 150.204(D)(10) Outdoor Commercial Entertainment (A)(1) Regulations Activity areas shall not be located closer than 300 feet to a residentially zoned property.

The applicant is requesting to deviate from the minimum residential buffer of 300' for outdoor commercial entertainment uses to 100'.

Article I, Section 150.1007 Signs Allowed on Private Property By District, Table (B)(1)
 Building Signs

Building sign square footage within the Central Business District cannot exceed 50 square feet based on the two square foot per linear foot of business wall.

The applicant is requesting a sign etched into the cement fence that is 102 square feet, exceeding the code's requirement by 52 square feet.

Article I, Section 150.1007 Signs Allowed on Private Property By District, Table (C)(1)
 Permitted Building Signs By Type and Zoning District

Animated signage in the Central Business District requires application for Special Use.

The applicant is requesting 3 animated signs combined between the two parcels, one for the restaurant, banquet facility, and Dog Park (not to exceed 20' in height). They will act as marquee signs for the different uses in the development.

Article I, Section 150.712 (C) Fencing Standards (3)(B) Maximum Height

Within the side or rear yard of a commercially or institutionally zoned property, the maximum height is seven feet, except that security fences may exceed this height.

The applicant is requesting to keep the existing cement fencing that is 9' above grade.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use (Planned Development) Permit are as follows:

A. <u>Findings:</u> The establishment, maintenance, or operation of the Planned Development will not be completely unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The requested Special Use for indoor commercial entertainment with video gaming, outdoor commercial entertainment, and in-vehicle sales or service is not unreasonable for this location because of the nature of the Central Business District. The development is located in a district where entertainment uses are very common and often encouraged.

The new development will be surrounded by a mix of uses and within close proximity to many other similar uses. The opening of a new banquet facility and restaurant will not negatively impact these land uses because of the buffers installed, orientation of the buildings, and high quality building materials utilized. Operating these new businesses, building these new buildings, and investing this much time and money into this parcel will be significantly beneficial to the adjacent neighborhood and downtown Belvidere as a whole.

The request for the additional animated signage is not unreasonable for this type of development because there are several different uses within it. Three animated signs are being proposed, but all for separate elements of the planned development. One animated sign will serve the restaurant, the other the banquet facility, and the final one to highlight the Dog Park. All will have low impact to the surrounding community and operate in accordance with all Zoning Ordinance requirements.

Additionally, the large business sign is not unreasonable. The proposed sign is 102 square feet and the Zoning Ordinance only allows business signage up to 50 square feet (2 square feet per linear foot of wall), but this sign will fit the size and scale of the development. It will be etched into the existing cement wall and fit the context of the industrial feel. This will be a significant improvement to the property's current condition.

The request to exceed the maximum fence height above seven feet is not unreasonable for this specific development because of the buffer it will create between the residential properties in close proximity to the development. Staff is not aware of any problems the existing cement fence has created.

The request to deviate from the minimum residential buffer between outdoor entertainment and residential land uses is not unreasonable. The development will be fully enclosed and not visible to any of the residential properties because of the 9' tall cement fence and the orientation of the stage and buildings. This will also significantly buffer the noise levels produced. To note, all noise and light levels must fully comply with all Zoning Ordinance requirements to protect the residential neighbors.

B. <u>Findings:</u> The requested Planned Development, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals, objectives, policies, and standards of the City of Belvidere Comprehensive Plan, this Chapter, and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan shows the properties to the north, south, and west as Central Mixed Use and the eastern properties all Single Family Residential. The planned development is in compliance with the Comprehensive Plan in terms of providing pedestrian-orientated indoor commercial uses with streetscaping.

C. <u>Findings:</u> The Planned Development will not in its proposed location and as depicted on the required site plan, completely result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map, or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The development is located along South Main Street which can accommodate the anticipated level of traffic generated by the development. Although the development is requesting increased levels of signage, the overall designs of these improvements are not out of character with the community or excessive in nature. The residential buffer for outdoor

commercial entertainment being located significantly closer than allowed by code fits the context of the mixed-use neighborhood. This specific development still provides substantial buffers for the residential properties. The fence, although taller than seven feet, will act as a buffer for sound, vision, and light for the residential properties in close proximity to the development.

D. <u>Findings:</u> The establishment of the Planned Development will not completely impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land uses intensities, and land use impacts as related to the environs of the subject property.

Planning staff does not anticipate the planned development impeding future development. It will provide a significant enhancement to the conditions of the existing property without negatively affecting the surrounding land uses.

E. <u>Findings:</u> The proposed Planned Development is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The Planned Development is located on a parcel not currently serviced by Municipal water and sewer. The Public Works Department is aware of this and plans to install new connections at the cost of the developer.

F. <u>Findings:</u> The potential public benefits of the proposed Planned Development outweighs the potential adverse impacts of the proposed Planned Development after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

The signage, while exceeding the total number and size permitted by the Zoning Ordinance, will fit into the context of the overall development. The residential buffer for outdoor commercial entertainment being located significantly closer than allowed by code fits the context of the mixed-use neighborhood. This specific development still provides substantial buffers for the residential properties. The fence, although taller than seven feet, will act as a buffer for sound, vision, and light for the residential properties in close proximity to the development.

SUMMARY OF FINDINGS:

The requested Special Use for indoor commercial entertainment with video gaming, outdoor commercial entertainment, and in-vehicle sales or service is not unreasonable for this location because of the nature of the Central Business District. The development is located in a district where entertainment uses are very common and often encouraged.

The new development will be surrounded by a mix of uses and within close proximity to many other similar uses. The opening of a new banquet facility and restaurant will not negatively impact these land uses because of the buffers installed, orientation of the buildings, and high quality building materials utilized. Operating these new businesses, building these new buildings, and investing this much time and money into this parcel will be significantly beneficial to the adjacent neighborhood and downtown Belvidere as a whole.

The development is located along South Main Street which can accommodate the anticipated level of traffic generated by the development. Although the development is requesting increased levels of signage, the overall designs of these improvements are not out of character with the community or excessive in nature. The residential buffer for outdoor commercial entertainment being located significantly closer than allowed by code fits the context of the mixed-use neighborhood. This specific development still provides substantial buffers for the residential properties. The fence, although taller than seven feet, will act as a buffer for sound, vision, and light for the residential properties in close proximity to the development. Staff is not aware of any problems the existing cement fence has created.

Planning staff does not anticipate the planned development impeding future development. It will provide a significant enhancement to the conditions of the existing property without negatively affecting the surrounding land uses.

RECOMMENDATION:

Planning staff recommends the approval of case number 2017-15 subject to the following conditions:

- 1. The Planned Development shall be developed in substantial conformance with the site plan submitted March 4, 2017 unless otherwise noted.
- 2. A full site plan shall be submitted to and approved by the staff (building, public works, police, fire, planning, etc.) prior to the issuance of building permits.
- 3. The Planned Development is granting only the following flexible standards:

Special Uses for: Indoor commercial entertainment (Section 150.105(C)(6)(B)(2)), Outdoor Commercial Entertainment (Section 150.105(C)(6)(B)(2)), In-vehicle sales and services (Section 150.105(C)(6)(B)(2)), and Animated signage in the Central Business District (Section 150.1007(C)(1)).

Variances for: An increase of 52 square feet for building signage (Section 150.1007(C)(1), a decrease in the buffer required between residential and outdoor commercial entertainment properties from 300' to 100' (Section 150.204(D)(10)(A)(1)), and an increase in the maximum fence height from 7' to 9' above grade (Section 150.712(C)(3)(B)).

4. The proposed wood doors shall open inward instead of out in the public right-of-way, per the Department of Public Works request.

PLANNING AND ZONING COMMISSION/CITY COUNCIL ACTION

The Planning and Zoning Commission shall make and forward findings of fact as to the compliance of the proposed planned development with the standards and make a recommendation to the City Council. The City Council shall review the findings and recommendation and may accept or reject the findings and recommendation of the Planning and Zoning Commission in whole or in part; or the City Council may refer the matter back to the Planning and Zoning Commission for further consideration. Any approval shall be considered the approval of a unique request and not be construed as precedent for any other proposed planned development.

Iron & Coal [PLANNED COMMUNITY DEVELOPMENT]

300 South Main Street Belvidere, Illinois 61008

General Description:

Iron & Coal is slated to be something just a bit different, but even more special for Boone County. The property will speak volumes to the city's history, as it is set in the town's original iron and coal bin. It will feature a unique and historic façade that is indicative of the downtown area. Our hope is that it will not only come alongside the local, downtown business owners, but spur further growth and excitement. The property will include a hometown, upscale feel with traditional American food. The atmosphere is set to be family friendly with options for old and young alike—craft beers, great coffee, even better food, and homemade ice cream. The property features an outdoor space to host local music and to encourage community.

In addition, we hope to make use of the existing structure on the property and renovate it into a much requested, local venue space. The exterior of this space will be renovated to fit in with the historic nature of the property. The venue will be catered by Iron & Coal with input from the best in the area, Sheri Casey.

We see this property as being something special for Boone County and specifically for the city of Belvidere. As long-time business owners and residents of Boone County we anticipate great things for this city!

Special Use Requests:

1. Indoor Commercial Entertainment

Iron & Coal will feature a higher-class dining experience, including a bar, gaming, and a banquet facility.

2. Outdoor Commercial Entertainment

Iron & Coal will feature a beautiful outdoor space that will include seating, a beer garden, and greenspace. The space will feature an area for outdoor music. The stage will face away from the surrounding areas, directed back towards the property. The existing stone facades (that we are hoping to keep as historic elements) will act as sound barriers, which will help foster a low-impact noise area. It is worthy to note that an adjacent business has a similar outdoor beer garden and music venue and to our knowledge, has had no problems with the community.

3. In-Vehicle Sales/Service/Drive-Thru

The front of the building facing Main Street will feature a drive-thru offering a limited menu and coffee.

Variance Requests:

1. Signs (Please see sign locations on included drawing)

a. Iron & Coal Sign

The Iron & Coal sign will be etched into the existing stone structure. Our hope is that you will consider the size of the sign factored into the entire width of the development. As you can see, it is fitting with the vibe of the project and think it is esthetically pleasing to the development. The size of the sign will not exceed 125 square feet.

2. Drive-Thru

Iron & Coal is hoping to accommodate 60'-80' behind and meet the 40' past requirement for a traditional Drive-Thru. Our hope is to incorporate technology (i.e. phone apps and pre-ordering) to expedite the drive-thru process.

Final Items:

1. Animated Signs

Iron & Coal is hoping to incorporate animated signs throughout the property. The animated signs will be low-impact/non-flashy signs that welcome and direct guests through the planned community development. See listed items below.

a. Animated I (AMI) Restaurant Sign

The AM1 Restaurant Sign is a low-impact digital sign located at the main entrance of the property.

b. Animated 2 (AM2) Banquet Sign

The AM2 Banquet Sign is a low-impact digital sign located at the main and separate entrance to the banquet facility. This will be used to welcome guests ie: "Welcome Smith Family Reunion."

c. Animated 3 (AM3) Pet Park Sign

The AM3 Pet Park Sign is a low-impact digital sign located at the main entrance of the All Paws Pet Wash Pet Park slated to be included in the planned community development.

Re: Case: 2017-15, Caldwell, 300 South Main Street and 320 Whitney Boulevard

Dear Gina,

We are in receipt of the special use request for the above referenced case. Our office has no objections or comments on this request. However, prior to operation of the banquet facility and restaurant a to scale plan (of the layout of the store) must be submitted to the health department for review. The plan review fee would be determined when menu information is submitted. Below is the county code explaining this further.

Sec. 30-35. Submission and review of plans; permits.

- (a) Generally. Whenever a food service establishment or retail foodstore is constructed or extensively remodeled and whenever an existing structure is converted to use as a food service establishment, properly prepared plans and specifications for such construction, remodeling, or conversion shall be submitted to the regulatory authority for review and approval before construction, remodeling, or conversion is begun. The plans and specifications shall indicate the proposed layout, arrangement, mechanical plans, construction materials of work areas, and the type and model of proposed fixed equipment and facilities.
- (b) Permit required. Any business or organization desiring to operate as a food service establishment or retail food establishment must have a current food service permit.
- (c) Plans, inspection and approval. Before issuing a food service permit to a new establishment, plans must be submitted to and approved by the health authority. Plans submitted for review must be accompanied by the appropriate plan review fee as listed in section 38-31.

Food establishment classifications. All food service establishments or retail food establishments shall be categorized according to their type of operation, size of operation, and risk category of the food prepared and/or served and shall obtain a permit for the class of operation as hereinafter defined. The listing of various types of operation is not intended to be all inclusive, but typical and not limited to those mentioned. If a food establishment is not specifically listed, it shall be classified according to the class to which it most closely resembles.

(1) Class A: Fixed location food establishments which serve drinks only or food and drinks such as restaurants and taverns or other establishments of which the primary activity is food service. RE:

Date:

Page 2 of 2

A1: Food and drink, 0--50 seats.
A2: Food and drink, 51--100 seats.
A3: Food and drink, more than 100 seats.
A4(a): Beverage/prepackage, no prep.
A4(b): Sit down drink, no prep-reheat foods

Our office has no objections or comments on this request.

Thank you,

Pat Dashney

Case #2017-15, Caldwell

Having reviewed the Special Use Request, I would offer the following comments:

- 1. Connection fees will need to be paid prior to issuance of a building permit for this development. Connection fees will be based on the size of the domestic water meter.
- 2. The owner will need to provide detention for any increase in storm water runoff from the existing condition to the fully improved condition.
- 3. The proposed wood doors shall open in instead of out in the public right-of-way.
- 4. Driveways shall be constructed in accordance with city standards.

MEMO

DATE:

March 15, 2017

TO:

Mayor and Members of the City Council

FROM:

City of Belvidere Planning and Zoning Commission

SUBJECT:

Findings of Fact—Case: 2017-15; Caldwell (SU)

REQUEST AND LOCATION:

Russell Caldwell, 8642 US Highway 20, Garden Prairie, IL 61038, is requesting a special use to permit a planned development in the CB, Central Business District at 300 South Main Street and 320 Whitney Boulevard. The planned development will allow for the construction of a banquet facility and restaurant with outdoor seating. Special uses of the planned development are the banquet facility and video gaming aspect of the restaurant which are considered indoor commercial entertainment, the outdoor seating area which will feature live entertainment is considered outdoor commercial entertainment and the restaurant's drive-through lane located along South Main Street is considered in-vehicle sales and services. Variances of the planned development include increasing the allowable square-footage of a sign from 50 square feet to 102 square feet, reducing the required buffer between outdoor commercial entertainment and residential properties from 300' to 100', and increasing the allowable fence height from 7' to 9' above grade. The planned development will also allow three animated signs to be located on the property. Belvidere Zoning Ordinance Sections 150.105(C)(6)(B)(2) Permitted as Special Use, Table 150.1007(B)(1) and Table 150.1007(C)(1) Signs Allowed on Private Property By District, 150.204(D)(10) Outdoor Commercial Entertainment (A)(1) Regulations, 150.712 (C) Fencing Standards (3)(B) Maximum Height and 150.904 Special Use Review and Approval Procedures.

FLEXIBLE DEVELOPMENT STANDARDS:

According to Section 150.907 (B)(1)(A) of the City of Belvidere Zoning Ordinance, new and alternative standards may be approved for a development by the city. The applicant is requesting the following standards specific to this project.

Zoning Ordinance:

Article I, Section 150.105(C)(6) Central Business District (B) Permitted as Special Use
 (2) Indoor commercial entertainment

The applicant would like to construct a restaurant serving liquor, coffee, and include video gaming. An existing building will be converted to banquet facility.

Article I, Section 150.105(C)(6) Central Business District (B) Permitted as Special Use
 (2) Outdoor commercial entertainment

The applicant would like to construct an outdoor entertainment and seating area adjacent to the restaurant. Live music and events are anticipated.

• Article I, Section 150.105(C)(6) Central Business District (B) Permitted as Special Use (2) In-vehicle sales or service

The applicant would like to construct an attached drive-thru to the restaurant.

• Article I, Section 150.204(D)(10) Outdoor Commercial Entertainment (A)(1) Regulations

Activity areas shall not be located closer than 300 feet to a residentially zoned property.

The applicant is requesting to deviate from the minimum residential buffer of 300' for outdoor commercial entertainment uses to 100'.

• Article I, Section 150.1007 Signs Allowed on Private Property By District, Table (B)(1) Building Signs

Building sign square footage within the Central Business District cannot exceed 50 square feet based on the two square foot per linear foot of business wall.

The applicant is requesting a sign etched into the cement fence that is 102 square feet, exceeding the code's requirement by 52 square feet.

Article I, Section 150.1007 Signs Allowed on Private Property By District, Table (C)(1)
 Permitted Building Signs By Type and Zoning District

Animated signage in the Central Business District requires application for Special Use.

The applicant is requesting 3 animated signs combined between the two parcels, one for the restaurant, banquet facility, and Dog Park (not to exceed 20' in height). They will act as marquee signs for the different uses in the development.

Article I, Section 150.712 (C) Fencing Standards (3)(B) Maximum Height

Within the side or rear yard of a commercially or institutionally zoned property, the maximum height is seven feet, except that security fences may exceed this height.

The applicant is requesting to keep the existing cement fencing that is 9' above grade.

FINDINGS OF FACT:

Per Section 150.904 (G) of the City of Belvidere Zoning Ordinance, the criteria for granting a Special Use (Planned Development) Permit are as follows:

A. <u>Findings:</u> The establishment, maintenance, or operation of the Planned Development will not be completely unreasonably detrimental to or endanger the public health, safety, morals, comfort or general welfare.

The requested Special Use for indoor commercial entertainment with video gaming, outdoor commercial entertainment, and in-vehicle sales or service is not unreasonable for this location because of the nature of the Central Business District. The development is located in a district where entertainment uses are very common and often encouraged.

The new development will be surrounded by a mix of uses and within close proximity to many other similar uses. The opening of a new banquet facility and restaurant will not negatively impact these land uses because of the buffers installed, orientation of the buildings, and high quality building materials utilized. Operating these new businesses, building these new buildings, and investing this much time and money into this parcel will be significantly beneficial to the adjacent neighborhood and downtown Belvidere as a whole.

The request for the additional animated signage is not unreasonable for this type of development because there are several different uses within it. Three animated signs are being proposed, but all for separate elements of the planned development. One animated sign will serve the restaurant, the other the banquet facility, and the final one to highlight the Dog Park. All will have low impact to the surrounding community and operate in accordance with all Zoning Ordinance requirements.

Additionally, the large business sign is not unreasonable. The proposed sign is 102 square feet and the Zoning Ordinance only allows business signage up to 50 square feet (2 square feet per linear foot of wall), but this sign will fit the size and scale of the development. It will be etched into the existing cement wall and fit the context of the industrial feel. This will be a significant improvement to the property's current condition.

The request to exceed the maximum fence height above seven feet is not unreasonable for this specific development because of the buffer it will create between the residential properties in close proximity to the development. Staff is not aware of any problems the existing cement fence has created.

The request to deviate from the minimum residential buffer between outdoor entertainment and residential land uses is not unreasonable. The development will be fully enclosed and not visible to any of the residential properties because of the 9' tall cement fence and the orientation of the stage and buildings. This will also significantly buffer the noise levels produced. To note, all noise and light levels must fully comply with all Zoning Ordinance requirements to protect the residential neighbors.

B. <u>Findings:</u> The requested Planned Development, both its general use independent of its location and in its specific location, will be in harmony with the purposes, goals, objectives, policies, and standards of the City of Belvidere Comprehensive Plan, this Chapter, and any other plan, program, or ordinance adopted, or under consideration pursuant to Notice of Public Hearing by the City.

The Comprehensive Plan shows the properties to the north, south, and west as Central Mixed Use and the eastern properties all Single Family Residential. The planned development is in compliance with the Comprehensive Plan in terms of providing pedestrian-orientated indoor commercial uses with streetscaping.

C. <u>Findings:</u> The Planned Development will not in its proposed location and as depicted on the required site plan, completely result in a substantial or undue adverse impact on nearby property, the character of the neighborhood, environmental factors, traffic factors, parking, public improvements, public property or rights-of-way, or other matters affecting the public health, safety, or general welfare, either as they now exist or as they may in the future be developed as a result of the implementation of the provisions of this Chapter, the Comprehensive Plan, or any other plan, program, map,

or ordinance adopted or under consideration pursuant to Notice of Public Hearing by the City or governmental agency having jurisdiction to guide development.

The development is located along South Main Street which can accommodate the anticipated level of traffic generated by the development. Although the development is requesting increased levels of signage, the overall designs of these improvements are not out of character with the community or excessive in nature. The residential buffer for outdoor commercial entertainment being located significantly closer than allowed by code fits the context of the mixed-use neighborhood. This specific development still provides substantial buffers for the residential properties. The fence, although taller than seven feet, will act as a buffer for sound, vision, and light for the residential properties in close proximity to the development.

D. <u>Findings:</u> The establishment of the Planned Development will not completely impede the normal and orderly development and improvement of surrounding property, and maintains the desired consistency of land uses, land uses intensities, and land use impacts as related to the environs of the subject property.

Planning staff does not anticipate the planned development impeding future development. It will provide a significant enhancement to the conditions of the existing property without negatively affecting the surrounding land uses.

E. <u>Findings:</u> The proposed Planned Development is located in an area that will be adequately served by, and will not impose an undue burden on, any of the improvement facilities, utilities or services provided by public agencies servicing the subject property.

The Planned Development is located on a parcel not currently serviced by Municipal water and sewer. The Public Works Department is aware of this and plans to install new connections at the cost of the developer.

F. <u>Findings:</u> The potential public benefits of the proposed Planned Development outweighs the potential adverse impacts of the proposed Planned Development after taking into consideration the Applicant's proposal and any requirements recommended by the Applicant to ameliorate such impacts.

The signage, while exceeding the total number and size permitted by the Zoning Ordinance, will fit into the context of the overall development. The residential buffer for outdoor commercial entertainment being located significantly closer than allowed by code fits the context of the mixed-use neighborhood. This specific development still provides substantial buffers for the residential properties. The fence, although taller than seven feet, will act as a buffer for sound, vision, and light for the residential properties in close proximity to the development.

Motion to adopt the Findings of Fact as presented for case 2017-15 for Caldwell (SU) carried with a (5-0) roll call vote.

Andy Racz, Chairman
Belvidere Planning and Zoning Commission
