**Editor's note**— Ord. No. 309H, § 2, adopted September 6, 2016 repealed § 22-242. Former § 22-242 pertained the examination of electrical contractors and derived from the Code of 1982.

Sec. 22-243. - Certificate of registration.

The electrical inspector shall register the applicant as an electrical contractor and shall issue to such applicant a certificate of registration authorizing such applicant to engage in such business for a period from date of issuance of such certificate of registration to and including April 30 of the year in which such certificate is issued. However, such certificate of registration may be renewed from year to year without examination on application for such renewal being filed with the electrical inspector on or before May 1 of the year for which certificate has been issued.
